Canadian Tobacco Use Monitoring Survey

February to June 2009

The microdata file from the first cycle of 2009 of the Canadian Tobacco Use Monitoring Survey (CTUMS) is now available.

Note: The CTUMS, conducted since 1999 by Statistics Canada on behalf of Health Canada, provides timely, reliable and continuous data on tobacco use and related issues. Its objective is to track changes in smoking status and amount smoked, especially among young people aged 15 to 24, who are most at risk for taking up smoking. This file contains the data collected between February and June 2009 from about 10,000 respondents.

Definitions, data sources and methods: survey number 4440.

February to June 2009 data are now available in the *Canadian Tobacco Use Monitoring Survey Microdata File* (82M0020X, \$2,140). See *How to order products*.

For more information, or to enquire about the concepts, methods or data quality of this release, contact Client Services (toll-free 1-800-461-9050; 613-951-3321; fax: 613-951-4527; ssd@statcan.gc.ca), Special Surveys Division.

For more information about the survey results, contact Media Relations, Health Canada (613-957-2983), or visit the Tobacco Control Program website (www.gosmokefree.gc.ca). ■

Public Service Financial Community Survey

2009

Data from the Public Service Financial Community Survey are now available for 2009.

Note: The survey was conducted between August 17 and September 25, 2009, on behalf of the Treasury Board Secretariat. Included in the survey were all financial management employees and those executive employees who were responsible for financial management within their own organization. There were about 3,300 respondents to the survey.

Definitions, data sources and methods: survey number 5165.

For more information, to order data, or to enquire about the concepts, methods or data quality of this release, contact Client Services (toll-free 1-800-461-9050; 613-951-3321; fax: 613-951-4527; ssd@statcan.gc.ca), Special Surveys Division. ■

British Columbia Wage and Salary Survey

2009

Data from the 2009 British Columbia Wage and Salary Survey are now available.

Note: This survey, funded through the Canada-British Columbia Agreement on Labour Market Development, was conducted on behalf of BC Stats and the BC Ministry of Advanced Education and Labour Market Development. The main objective of this study was to produce statistical information on wages, salaries, hours of work, and skills shortages for the top 100 National Occupational Categories in three large Economic Regions of British Columbia and the top 35 National Occupational Categories in the five smaller Economic Regions of the province. The information collected will be used by the clients for analytical purposes.

Definitions, data sources and methods: survey number 2920.

For more information, or to enquire about the concepts, methods or data quality of this release, contact Alain Mbassegue (613-951-2011, alain.mbassegue@statcan.gc.ca), Business Special Surveys and Technology Statistics Division.

Data and analytical reports are available at (www.bcstats.gov.bc.ca/data/lss/labour/wage). For more information on the available data or analytical reports, contact Shannon Pendergast (250-387-8931, shannon.pendergast@gov.bc.ca), Labour and Social Statistics, BC Stats. ■
