General information

Confidentiality

Your answers are confidential.

By law, Statistics Canada is prohibited from releasing any information it collects that could identify any person, business, or organization, unless consent has been given by the respondent, or as permitted by the *Statistics Act*. Statistics Canada will use the information from this survey for statistical purposes only.

Data-sharing agreements

To reduce respondent burden, Statistics Canada has entered into data-sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

Section 11 of the *Statistics Act* provides for the sharing of information with provincial and territorial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantial, the same provisions for confidentiality and pentures for disclosure of confidential information as the *Statistics Act*. Because these agencies have the egal authority to compel businesses to provide the same information, consent is not requested and businesses may not object to the sharing of the outa.

For this survey, there are **Section 11** agreements with the provincial and territorial statistical alender of Newfoundland and Laurador, Nova Scotia, New Brunswick, Grobec Ontario, Manitoba, Saskatchewan, Albana, Brush Columbia and the Yukon. The shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Section 2 on the Statistics Act provides for the sharing of information with federal, provincial or territorial government organizations. Under Section 12, you may refuse to share you information with any of these organizations by writing a letter of objection to the Objection statistician and returning it with the completed questionnaire. Please specify the organizations with which you do not want to share your data. For all manufacturing industries — there are **Section 12** agreements with the statistical agencies of Prince Edward Island, Northwest Territories and Nunavut, as well as with the New Brunswick Department of Environment and Local Government, the Quebec Forest Industry Council, the ministère de l'Énergie et des Ressources naturelles du Québec, the ministère des Forêts, de la Faune et des Parcs du Québec, the Ontario Ministry of Northern Development and Mines, the Ontario Ministry of Natural Resources and Forestry, Manitoba Department of Sustainable Development, Manitoba Agriculture, the Saskatchewan Ministry of the Economy, the Alberta Ministry of Agriculture and Forestry, the British Columbia Ministry of Forestr, Lands and Natural Resource Operations, Agriculture and sgri-Food Canada, Environment and Climate thang Canada, Natural Resources Canada, and the Canada Energy Regulator.

For establishments in non-ferrous metal (and aliminun) smelting and raining, clay building material and refractory manufacturing, cement manufacturing and time manufacturing – there are **Section 12** agreements with the Newfoundland and Labrador Department of Natural Resources, the Manitoba Department of Growth, Enterprise and Trade and the Pritish Columbia Ministry of Energy, Mines and Petroleum resources.

by agreements with provincial and territorial government organizations, the shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Authorized disclosure

Section 17 of the federal *Statistics Act* allows for the disclosure of a list of individual establishments, firms or businesses showing information including the establishments' names and locations (province, territory and municipality) and North American Industrial Classification System (NAICS) codes. The disclosure of these lists may be authorized in order to aid analysts in the interpretation of the data from the Annual Survey of Manufacturing and Logging industries.

Record linkages

To enhance the data from this survey and to reduce the reporting burden, Statistics Canada may combine the acquired data with information from other surveys or from administrative sources.
