

Homicide Survey 2020

Incident Questionnaire

STATISTICS CANADA USE ONLY											
Incident identifier						Province code					
Police force location						CMA					
Data entry date						Year		Month		Day	
Amendment date						Year		Month		Day	
Record status											

Complete a set of Homicide Survey questionnaires for all incidents of homicide that are founded and culpable (i.e., determined to be criminal in nature). This includes incidents of: **murder - first degree, murder - second degree, manslaughter** and **infanticide** as defined by the *Criminal Code*. Information is reported as of the **incident date** unless otherwise stated. Separate Victim and Charged / Suspect-Chargeable (CSC) questionnaires are required for each person identified in the incident. To ensure records are complete, avoid leaving questions blank or scoring 'unknown' unless necessary. Detailed reporting instructions are found in the **Homicide Survey Reporting Guide**; available upon request. Verify that homicide information reported to the Homicide Survey matches with homicide information reported by your police service to the Uniform Crime Reporting (UCR) Survey.

GENERAL INFORMATION

This information is collected under the authority of the *Statistics Act*, Revised Statutes of Canada, 1985, Chapter S-19.
COMPLETION OF THIS QUESTIONNAIRE IS A LEGAL REQUIREMENT UNDER THIS ACT.

Objective

This survey collects essential data to produce statistics on the incidence and characteristics of homicide offences in Canada. The information is used by federal and provincial policymakers as well as public and private researchers. The data are also widely disseminated by the media for purposes of general public information. The information may also be used by Statistics Canada for other statistical and research purposes.

Confidentiality

Statistics Canada is prohibited by law from releasing any information it collects which could identify any person, business, or organization, unless consent has been given by the respondent or as permitted by the *Statistics Act*. Statistics Canada will use the information from this survey for statistical purposes.

Record linkages

To enhance the data from this survey and to minimize the reporting burden for respondents, Statistics Canada may combine the information you provide with other survey or administrative data sources.

Instructions

Please return this questionnaire by December 31st, 2020. Questionnaires may be returned by mail (see address below) or through the Electronic File Transfer system.
