This message is intended for WES microdata users.

### **2001 Employer Revision**

The revision is limited to question 10 c J.a on the employer questionnaire. There were instances where some workplaces responded that they did not offer a flexible benefit plan to part-time workers (Q10 c J), however the follow-up question (Q10 c Ja: Annual reimbursement for an employee opting out of the flexible plan) contained responses of "Yes" and "No". The revision will set question 10 c Ja to "Not applicable" for workplaces that did not offer a flexible benefit plan. This error is limited to *part time* workers only.
