**Section:                           Derived Variables**

*Variable Name:*           **INELJBD4**                           *Position:*   30                   *Length:*    1

Derived variable: Respondents were asked details about jobs they reported in cycle 3 that they either worked at in December 2003 or jobs they had in December 2003 but had not worked at during that period. Some of these jobs became ineligible during cycle 4 collection because of respondent recall, respondents reporting that they did not return to work at the job in 2004/2005, or the job became not eligible during cycle 4 collection because the respondent was not able to provide key information about the cycle 3 job. INELJBD4 notes the reason why this job became ineligible.
