College/Work preparatory a) Courses which are less academic and intended primarily for students planning entry into colleges, technical schools, trades or entry into the workplace. b) Educational experiences which are broadly based and appropriate for all students and which may lead to further studies beyond senior high school years (e.g., apprenticeship, college and university). Work preparatory: Basic level courses designed for preparation into the world of work. These courses provide a good preparation for direct entry into employment and serve the needs of a student who may not participate in post-secondary education.
