Introduction

Survey purpose

This survey collects the financial and operating data needed to develop national and regional economic policies and programs.

Data from this survey are used by the business community, manufacturing associations, federal and provincial departments, and international organizations to:

- profile the manufacturing and logging industries
- undertake market studies
- forecast demand
- develop trade tariff policies.

In addition, businesses use the data to track their performance against industry averages, evaluate expansion plans, and prepare business plans for investors.

Your information may also be used by Statistics Canada for other statistical and research purposes.

Your participation in this survey is required under the authority of the *Statistics Act*.

Security of emails and faxes

Statistics Canada advises you that there could be a risk of disclosure during facsimile or email. However upon receipt,

Statistics Canada will provide the guaranteed level of protection afforded all information collected under the authority of the *Statistics Act*.

Note: Our online questionnaires are secure, there is no risk of data interception when responding to Statistics Canada online surveys.

Confidentiality

The *Statistics Act* protects the confidentiality of information collected by Statistics Canada.

Data sharing agreements

To reduce response burden, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes.

Information on confidentiality, data sharing agreements and record linkages can be found on the last page of this questionnaire.

Please return the questionnaire within 21 days.

Please mail the completed questionnaire in the enclosed envelope or fax it to Statistics Canada at 1-888-505-8091.

If you are unable to complete within 21 days **OR** if you need help, call us at **1-877-949-9492** or **TTY 1-800-363-7629**.

Sales of logs, wood residue

1. Please provide your sales of logs, wood residue by product in **thousands** of Canadian dollars.

For each product, report sales net of shipping charges by common or contract carriers, discounts, sales allowances, returned sales, sales taxes, and excise duties and taxes. The total net sales for all products should equal the amount reported in revenue section.

Note: if your only activity is contract logging, and your business unit **only** provides a labour service, this section does not apply to your business.

Include sales of logs and wood residue that you own, and if applicable, goods manufactured from own materials whether at this business unit, at other business units or affiliates of your firm, or at any other sub-contracted manufacturing plants located within Canada or abroad. Also **include** by-products from your manufacturing process.

Sales of logs, wood residue

1. Please provide your sales of logs, wood residue by product in **thousands** of Canadian dollars.

For each product, report sales net of shipping charges by common or contract carriers, discounts, sales allowances, returned sales, sales taxes, and excise duties and taxes. The total net sales for all products should equal the amount reported in revenue section.

Note: if your only activity is contract logging, and your business unit **only** provides a labour service, this section does not apply to your business.

Include sales of logs and wood residue that you own, and if applicable, goods manufactured from own materials whether at this business unit, at other business units or affiliates of your firm, or at any other sub-contracted manufacturing plants located within Canada or abroad. Also **include** by-products from your manufacturing process.

Statistics Canada engages in web-data extraction, also known as web scraping, which is a process by which information is gathered and copied from the Web using automated scripts or robots, for retrieval and analysis. As a result, we may visit the website for this business to search for and compile additional information. The use of web scraping is part of a broader effort to reduce the response burden on businesses, as well as produce additional statistical indicators to ensure that our data remain accurate and relevant.

We will strive to ensure that the data collection does not interfere with the functionality of the website. Any data collected will be used by Statistics Canada for statistical and research purposes only, in accordance with the agency's privacy and confidentiality mandate. All information collected by Statistics Canada is strictly protected.

General information

Confidentiality

Your answers are confidential.

By law, Statistics Canada is prohibited from releasing any information it collects that could identify any person, business, or organization, unless consent has been given by the respondent, or as permitted by the *Statistics Act*. Statistics Canada will use the information from this survey for statistical purposes only.

Data sharing agreements

To reduce the response burden, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

Section 11 of the *Statistics Act* provides for the sharing of information with provincial and territorial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantially the same provisions for confidentiality and penalties for disclosure of confidential information as the *Statistics Act*. Because these agencies have the legal authority to compel businesses to provide the same information, consent is not requested and businesses may not object to the sharing of the data.

For this survey, there are **Section 11** agreements with the provincial and territorial statistical agencies of Newfoundland and Labrador, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and the Yukon. The shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Section 12 of the *Statistics Act* provides for the sharing of information with federal, provincial or territorial government organizations. Under **section 12**, you may refuse to share your information with any of these organizations by writing a letter of objection to the Chief Statistician and returning it with the completed questionnaire. Please specify the organizations with which you do not want to share your data.

For all manufacturing industries – there are **Section 12** agreements with the statistical agencies of Prince Edward Island, Northwest Territories and Nunavut, as well as with the New Brunswick Department of Environment and Local Government, the Quebec Forest Industry Council, the Ontario Ministry of Energy and Mines, Manitoba Agriculture, Manitoba Economic Development, Investment, Trade and Natural Resources, the Saskatchewan Ministry of Energy and Resources, the British Columbia Ministry of Forests, British Columbia Ministry of Agriculture and Food, Agriculture and Agri-Food Canada, Environment and Climate Change Canada, Natural Resources Canada, the Canada Energy Regulator and Housing, Infrastructure and Communities Canada.

For establishments in non-ferrous metal (and aluminum) smelting and refining, clay building material and refractory manufacturing, cement manufacturing and lime manufacturing – there are also **Section 12** agreements with the Newfoundland and Labrador Department of Industry, Energy and Technology, the British Columbia Ministry of Mining and Critical Minerals and the British Columbia Ministry of Energy and Climate Solutions.

For agreements with provincial and territorial government organizations, the shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Authorized disclosure

Section 17 of the federal *Statistics Act* allows for the disclosure of a list of individual establishments, firms or businesses showing information including the establishments' names and locations (province, territory and municipality) and North American Industrial Classification System (NAICS) codes. The disclosure of these lists may be authorized in order to aid analysts in the interpretation of the data from the Annual Survey of Logging Industries.

Record linkages

To enhance the data from this survey and to reduce the response burden, Statistics Canada may combine the acquired data with information from other surveys or from administrative sources.

Thank you for completing this questionnaire.
