This information is collected under the authority of the *Statistics Act*, Revised Statutes of Canada, 1985, Chapter S-19. **COMPLETION OF THIS QUESTIONNAIRE IS A LEGAL REQUIREMENT UNDER THIS ACT.**

Introduction

Survey purpose

This survey collects the financial and operating data needed to develop national and regional economic policies and programs.

Data from this survey are used by the business community, manufacturing associations, federal and provincial departments, and international organizations to:

- profile the manufacturing and logging industries
- undertake market studies
- forecast demand
- develop trade tariff policies.

In addition, businesses use the data to track their performance against industry averages, evaluate expansion plans and prepare business plans for investors.

Your information may also be used by Statistics Canada for other statistical and research purposes.

Your participation in this survey is required under the authority of the *Statistics Act*.

Security of emails and faxes

Statistics Canada advises you that there could be a risk of

disclosure during facsimile or email. However upon receipt, Statistics Canada will provide the guaranteed level of protection afforded all information collected under the authority of the *Statistics Act*.

Note: Our online questionnaires are secure, there is no risk of data interception when responding to Statistics Canada online surveys.

Confidentiality

The *Statistics Act* protects the confidentiality of information collected by Statistics Canada.

Data sharing agreements

To reduce response burden, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes.

Information on confidentiality, data sharing agreements and record linkages can be found on the last page of this questionnaire.

Please return the questionnaire within 21 days.

Please mail the completed questionnaire in the enclosed envelope or fax it to Statistics Canada at 1-888-505-8091.

If you are unable to complete within 21 days **OR** if you need help, call us at **1-877-949-9492** or **TTY 1-800-363-7629**.

Residential housing

The following questions relate to the manufacturing of prefabricated and modular homes.

The **2025 Annual Survey of Manufacturing Industries** has engaged with federal stakeholders such as: **Housing, Infrastructure and Communities Canada (HICC)** and **Build Canada Home (BCH)** to enhance statistical data on the supply side of manufactured housing production in Canada.

1. Did you manufacture any residential prefabricated or modular homes in Canada?

Exclude stand-alone components, modules, and partial parts. Only completed residential homes are to be counted.

B05453

- Yes
- No → **Go to Expenses module section**

2. How many **residential housing units** did this business sell according to each of the following building type?

Please note that this question does not collect the number of buildings sold, but rather the number of residential housing units.

For example, a single-detached house counts as one residential housing unit, while a low-rise apartment building containing four units counts as four residential housing units.

**Number of
residential housing
units sold**

Building type	
a. Single-detached house A single dwelling not attached to any other dwelling or structure (except its own garage or shed).	B40371_dt141 <input type="text"/>
b. Semi-detached house One of two homes joined together by a common wall (side-by-side or back-to-back).	B40371_dt142 <input type="text"/>
c. Row house One of three or more dwellings joined side by side in a row, with no dwellings above or below.	B40371_dt143 <input type="text"/>
d. Low-rise apartment building An apartment building with fewer than five storeys. includes multiple dwellings (e.g., duplexes, triplexes, quadruplexes).	B40371_dt144 <input type="text"/>
e. Mid-rise apartment building An apartment building of four to nine storeys.	B40371_dt147 <input type="text"/>
f. High-rise apartment building An apartment building with five or more storeys.	B40371_dt145 <input type="text"/>
g. Seasonal home A dwelling designed for seasonal or occasional use, not suitable for year-round occupancy.	B40371_dt146 <input type="text"/>
h. Other	B40371_dt90 <input type="text"/>
Please specify: B40371_dt80 <input type="text"/>	
Total number of residential housing units sold (sum of a. to h.)	B40371_dt100 <input type="text"/>

INFORMATION NOT TO BE USED TO REPORT

3. Of the total **number of residential housing units sold**, please provide a breakdown by their approximate value.

Exclude the value of land.

Report according to the value of the residential housing unit. For example, a building valued at \$1,000,000 and containing three identical apartments counts as three residential housing units in the 'less than \$399,000' category, since each unit has an estimated value of approximately \$333,000 ($\$1,000,000 / 3 = \$333,333$).

The use of an approximation of the value of housing units is acceptable.

**Number of
residential housing
units sold**

Value of the residential housing unit	
a. Less than \$399,000	B40371_v76 <input type="text"/>
b. \$400,000 to \$799,000	B40371_v77 <input type="text"/>

Sales of goods manufactured

1. Please provide your sales of goods manufactured, by product in **thousands** of Canadian dollars.

For each product, report sales net of shipping charges by common or contract carriers, discounts, sales allowances, returned sales, sales taxes, and excise duties and taxes. The total net sales for all products should equal the amount reported in revenue section.

Include sales of goods manufactured from own materials, whether at this business unit, at other business units or affiliates of your firm, or at any other sub-contracted manufacturing plants located within Canada or abroad. Also **include** by-products from your manufacturing process.

Statistics Canada engages in web-data extraction, also known as web scraping, which is a process by which information is gathered and copied from the Web using automated scripts or robots, for retrieval and analysis. As a result, we may visit the website for this business to search for and compile additional information. The use of web scraping is part of a broader effort to reduce the response burden on businesses, as well as produce additional statistical indicators to ensure that our data remain accurate and relevant.

We will strive to ensure that the data collection does not interfere with the functionality of the website. Any data collected will be used by Statistics Canada for statistical and research purposes only, in accordance with the agency's privacy and confidentiality mandate. All information collected by Statistics Canada is strictly protected.

General information

Confidentiality

Your answers are confidential.

By law, Statistics Canada is prohibited from releasing any information it collects that could identify any person, business, or organization, unless consent has been given by the respondent, or as permitted by the *Statistics Act*. Statistics Canada will use the information from this survey for statistical purposes only.

Data sharing agreements

To reduce the response burden, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

Section 11 of the *Statistics Act* provides for the sharing of information with provincial and territorial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantially the same provisions for confidentiality and penalties for disclosure of confidential information as the *Statistics Act*. Because these agencies have the legal authority to compel businesses to provide the same information, consent is not requested and businesses may not object to the sharing of the data.

For this survey, there are **Section 11** agreements with the provincial and territorial statistical agencies of Newfoundland and Labrador, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and the Yukon. The shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Section 12 of the *Statistics Act* provides for the sharing of information with federal, provincial or territorial government organizations. Under **Section 12**, you may refuse to share your information with any of these organizations by writing a letter of objection to the Chief Statistician and returning it with the completed questionnaire. Please specify the organizations with which you do not want to share your data.

For all manufacturing industries, there are **Section 12** agreements with the statistical agencies of Prince Edward Island, Northwest Territories and Nunavut, as well as with the New Brunswick Department of Environment and Local Government, the Quebec Energy Industry Council, the Ontario Ministry of Energy and Mines, Manitoba Agriculture, Manitoba Economic Development, Investment, Trade and Natural Resources, the Saskatchewan Ministry of Energy and Resources, the British Columbia Ministry of Forests, British Columbia Ministry of Agriculture and Food, Agriculture and Agri-Food Canada, Environment and Climate Change Canada, Natural Resources Canada, the Canada Energy Regulator and Housing, Infrastructure and Communities Canada.

For establishments in non-ferrous metal (and aluminum) smelting and refining, clay building material and refractory manufacturing, cement manufacturing and lime manufacturing — there are also **Section 12** agreements with the Newfoundland and Labrador Department of Industry, Energy and Technology, the British Columbia Ministry of Mining and Critical Minerals and the British Columbia Ministry of Energy and Climate Solutions.

For agreements with provincial and territorial government organizations, the shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Authorized disclosure

Section 17 of the federal *Statistics Act* allows for the disclosure of a list of individual establishments, firms or businesses showing information including the establishments' names and locations (province, territory and municipality) and North American Industrial Classification System (NAICS) codes. The disclosure of these lists may be authorized in order to aid analysts in the interpretation of the data from the Annual Survey of Manufacturing Industries.

Record linkages

To enhance the data from this survey and to reduce the response burden, Statistics Canada may combine the acquired data with information from other surveys or from administrative sources.

Thank you for completing this questionnaire.
