Production

2. What **quantity** of each of these **industrial chemicals** did this business produce in 2025?
Include intermediate products made by this business and used in making other products.

Industrial chemicals

- a. Nitric acid, 100%
- b. Phosphoric acid; wet process (as 100% P_2O_5)
- c. Ammonia anhydrous, 100%
- d. Ammonium nitrate, all grades
- e. Ammonium phosphate, all grades
- f. Butadiene
- g. Butylene
- h. Carbon black
- i. Chlorine
- j. Ethylene
- k. Ethylene oxide
- l. Formaldehyde 100% solids basis
 Formaldehyde can only be stored as a water solution. To convert to a 100% solids basis equivalent, multiply its water solution weight by its concentration and divide by 100. **For example**, if the water solution weight at 52% concentration is 100 metric tonnes, the weight at 100% solids basis is: $100 \times 52/100 = 52$ metric tonnes.
- m. Hydrogen peroxide, 100%
- n. Methyl alcohol (methanol)
- o. Propylene, all grades
- p. Styrene monomer
- q. Urea, all grades
- r. Benzene

General information

Confidentiality

Your answers are confidential.

By law, Statistics Canada is prohibited from releasing any information it collects that could identify any person, business, or organization, unless consent has been given by the respondent, or as permitted by the *Statistics Act*. Statistics Canada will use the information from this survey for statistical purposes only.

Data sharing agreements

To reduce response burden, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

Section 11 of the *Statistics Act* provides for the sharing of information with provincial and territorial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantially the same provisions for confidentiality and penalties for disclosure of confidential information as the *Statistics Act*. Because these agencies have the legal authority to compel businesses to provide the same information, consent is not requested and businesses may not object to the sharing of the data.

For this survey, there are **Section 11** agreements with the provincial and territorial statistical agencies of Newfoundland and Labrador, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and the Yukon. The shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Section 12 of the *Statistics Act* provides for the sharing of information with federal, provincial or territorial government organizations. Under **Section 12**, you may refuse to share your information with any of these organizations by writing a letter of objection to the Chief Statistician, specifying the organizations with which you do not want Statistics Canada to share your data and mailing it to the following address:

Chief Statistician of Canada
Statistics Canada
Attention of Director, Enterprise Statistics Division
150 Tunney's Pasture Driveway
Ottawa, Ontario
K1A 0T6

You may also contact us by email at infostats@statcan.gc.ca.

For this survey, there are **Section 12** agreements with the statistical agencies of Prince Edward Island, Northwest Territories and Nunavut as well as with Environment and Climate Change Canada.

For agreements with provincial and territorial government organizations, the shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Record linkages

To enhance the data from this survey and to reduce the response burden, Statistics Canada may combine the acquired data with information from other surveys or from administrative sources.
