Permanent full-time equivalent (FTE) personnel

The next set of questions asks you to report the number of **permanent** full-time equivalent **(FTE) personnel** employed by your police service on **May 15, 2023** for the following personnel types:

- police officers, i.e., fully-sworn commissioned, non-commissioned, and Constables
- civilian personnel
- special constables.

Recruits, i.e., police officers in training, are included in this section, but you are not asked to report the number of recruits by Full time equivalent (FTE).

Convert all **permanent part-time personnel** (**include** personnel in job-share arrangements) paid from your police service budget to an **FTE**.

Full time equivalent (FTE): the number of hours used to calculate an **FTE** varies depending on the individual police service. Please convert **part-time** personnel (**include** personnel in job-share arrangements) to an **FTE** based on the number of hours your police service uses to define full-time personnel.

Examples for converting part-time personnel to an **FTE**:

- 1) If your police service defines full-time employment as working 40 hours per week
 - 2 part-time employees who each work 25 hours per week would be calculated as 2 x (25/40) = 1.25 FTEs.
- 2) If your police service defines full-time employment as working 37.5 hours per week
 - 2 full-time employees, and 3 part-time employees who each work 15 hours per week, would be calculated as 2 + 3 x (15/37.5) = 3.2 FTEs.

Permanent police personnel

Report the number of permanent full-time equivalent (FTE) police officers employed by your police service on May 15, 2023.
 Convert all permanent part-time personnel (including personnel in job-share arrangements) paid from your police service budget to an FTE.

Include permanent personnel who are:

- paid from your police service budget
- on secondment or leave from another police service. If you have personnel in your police service that are there on secondment from
 another service, count them in your personnel counts. If your police service has personnel that are away on secondment or leave with
 another police service, do not include them in your personnel counts
- actively back-filling a position for someone on leave if paid from your police service budget.

Exclude personnel who are:

- not employed on a permanent basis, e.g., contract, casual, or temporary personnel
- not paid from your police service budget, e.g., unpaid personnel, personnel paid from the municipality, or another agency or police service
- · civilians, special constables, and recruits information on these types of personnel is collected in other questions.
