These products may be for your company's use or to be sold to grain or oilseed processing companies for human or animal consumption, or for industrial use. The data are used by Agriculture and Agri-Food Canada (AAFC) and by grain analysts in the public and private sectors. For this survey, there are **Section 11** agreements with the provincial statistical agencies of Quebec and Ontario.

The shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province.
