Message from the Chief Statistician of Canada

Thank you for taking the time to participate in the 2024 Census Test. The information you provide is converted into statistics used by communities, businesses, and governments to plan services and make informed decisions about employment, schools, public transportation and hospitals.

Preparations for the 2026 Census have begun, and Statistics Canada is seeking your participation in this important test.

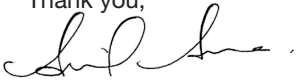

Your answers are collected under the authority of the *Statistics Act* and kept strictly confidential. By law, you must complete a 2024 Census Test questionnaire.

Statistics Canada makes use of existing sources of information such as immigration, income tax and benefits data to ensure the least amount of burden is placed on households.

The information that you provide may be used by Statistics Canada for other statistical and research purposes or may be combined with other survey or administrative data sources.

Make sure you count yourself into Canada's statistical portrait, and **complete your census test questionnaire today.**

Thank you,

Anil Arora
Chief Statistician of Canada

THE LAW PROTECTS WHAT YOU TELL US

The confidentiality of your responses is protected by law. All Statistics Canada employees have taken an oath of secrecy. Your personal information cannot be given to anyone outside Statistics Canada without your consent. This is your right.

REASONS WHY WE ASK THE QUESTIONS

Steps A to D and question 1 are used to collect contact information and determine who should be included on the questionnaire. They help us ensure that we have counted everyone we need to count and that no one is counted twice.

Questions 2 to 7 provide information about the demographic characteristics of people in Canada. This information is used by all levels of government to make important decisions, such as planning community services and social programs, including Old Age Security and the Canada Child Benefit. It is also used by municipalities to plan a variety of services, such as child care, schools, hospitals and emergency services.

Questions 8 to 10 are used to provide a profile of the linguistic diversity of Canada's population. This information is used to estimate the need for services in English and French, and to better understand the current state and the evolution of Canada's various language groups, including official languages, Indigenous languages and other non-official languages.

Questions 11 to 16 collect information in accordance with the *Canadian Charter of Rights and Freedoms* to support education programs in English and French in Canada.
