INTRODUCTION

AUTHORITY

The quarterly and annual surveys of financial statements are conducted under the authority of the Statistics Act, Revised Statutes of Canada 1985, Chapter S19.

CONFIDENTIALITY

Statistics Canada is prohibited by law from publishing any statistics which would divulge information obtained from this survey that relates to any identifiable business without the previous written consent of that business. The data reported to this survey will be treated in confidence, used for statistical purposes and published in aggregate form only. The confidentiality provisions of the Statistics Act are not affected by either the Access to Information Act or any other legislation.

PURPOSE OF THE QUARTERLY SURVEY

The data reported in the Quarterly Survey of Financial Statements is used to produce business financial statistics. The statistics are used in the national income and financial flow accounts, which are components of the Canadian System of National Accounts. The financial statements are aggregated to the industry level and are also published as a self-contained set of industry financial statistics. These statistics are available to the public and are used extensively by government, financial institutions, and industry associations.

TIMELINESS OF THE STATISTICS

Preliminary statistics must be prepared 45 calendar days after the quarter to meet the deadlines for the release of the quarterly national accounts. To meet these dates the survey data must be received within 30 calendar days after the quarter.

Late response to the survey causes delays in the release of the statistics. Since the usefulness of the statistics declines significantly if the releases are delayed, it is important to respond to the survey on time.

REPORTING ENTITY

The term "reporting entity" referred to on the front page of the questionnaire means the business entity covered by the quarterly financial statements. It is important for Statistics Canada to know precisely what operations are covered in the report to ensure total and unduplicated survey coverage of all business activity in Canada.

In almost all cases reporting entities fall into one of the following three categories:

1. a single corporation
2. a consolidated family of corporations
3. a branch or division or part of a corporation

In cases where a corporation does not have any ownership and control relationships with other corporations, the reporting entity should be the single corporation. Families of corporations under common ownership and control should report a consolidated financial statement in the quarterly survey questionnaire, except for the following situations:

1. Foreign subsidiaries and foreign branches of Canadian corporations covering foreign operations are to be excluded.
2. Foreign parents of subsidiaries that operate in Canada are to be excluded to the extent that they do not have any of their own operations in Canada.
3. The family of corporations is not viewed as one economic unit, and consolidated financial statements are not prepared quarterly or annually.
4. The family of corporations whose major industrial activity is non-financial but include financial activities should report the two types of activities in separate reports. Financial activities include such things as banking, lending, investing, brokerage and insurance. Insurance corporations that are part of a family should report separately.
5. The family of corporations covers diverse and independent industry activities which are unrelated and organized as separate business segments for which separate financial statements are prepared. In such cases each business or business segment is to report separately. Each business must be capable of reporting separate financial statements including a complete balance sheet and income statement.

If a family of corporations does not consolidate the financial statements of the parent corporation, and the parent has operations in Canada or is resident in Canada, it will have to submit a separate financial statement report to the quarterly survey.

REPORTING ENTITY PROFILE

You may find a separate document enclosed with the questionnaire listing the corporations included in the reporting entity. This document should be reviewed carefully, corrected if necessary, and returned with the completed questionnaire to Statistics Canada. Subsidiaries and affiliates that are accounted for in the financial statements as a one-line consolidation or net investment, using the equity method, should be excluded from the list of corporations on the reporting entity profile.

The register of all businesses maintained by Statistics Canada includes a list of corporations which are referred to as legal entities. To facilitate the matching of the reporting entities to the list of legal entities on the business register, the quarterly survey describes the reporting entities in the profile document in terms of the legal names of the corporations included in the report.

JOINT VENTURES AND PARTNERSHIPS

The survey covers the activities of joint ventures and partnerships as separate businesses from those of the venturers or partners. Therefore, these businesses are surveyed as separate reporting entities. To avoid double counting of these businesses the investors, venturers, and partners should account for their investments using the cost or equity method. Complete or proportionate consolidations of joint ventures and partnerships should not be done for the quarterly survey of financial statements.

However, it is recognized in some cases that separate financial statements for the joint venture are not produced quarterly or annually and it is the practice of the venturers to account for their investment by consolidating their portion of the joint venture in their financial statements. In such cases the joint venture is not reported as a separate entity, but it is covered in the reports of the venturers.

FOREIGN OPERATIONS OF CANADIAN ENTERPRISES

Definition: Foreign operations of Canadian enterprises include all business conducted by establishments that are situated outside Canada, including foreign branches, foreign divisions and foreign offices.

Report income from foreign operations as a net amount in item number 58100, "Equity in Net Income of Unconsolidated Affiliates." The assets of the foreign operations should not be reported on a line-by-line basis, but rather as a net amount in item number 14120, "Investments in Subsidiaries and Affiliates Outside Canada."

FOREIGN SUBSIDIARIES OF CANADIAN ENTERPRISES

Foreign subsidiaries should always be excluded from line-by-line consolidation and should be reported in either item 14120, "Investments in Subsidiaries and Affiliates Outside Canada," where control or significant influence exists, or in item 15200, "Foreign Investments in Non-Affiliates" for portfolio investments. Income from foreign investments reported on the cost basis, i.e., portfolio investments, should be reported in item 47000, "Foreign Dividend and Interest Revenue." Investments reported on the equity basis should include the investor's share of earnings in item 58100, "Equity in Net Income of Unconsolidated Affiliates," with the corresponding adjustment to the investment account in item 14200, "Accumulated Earnings Less Dividends Received."

Dividends received from foreign investments reported on the equity basis are excluded from the income statement and should be reported as supplementary item 75200, "Dividends Received from Corporations Accounted for on the Equity Method."

CLASSIFICATION OF CAPITAL AND HEAD OFFICE ACCOUNTS OF UNINCORPORATED REPORTING ENTITIES

Definition: Unincorporated entities include partnerships, joint ventures and Canadian branch operations of foreign corporations.

Temporary loans and advances that are intended to be repaid should be classified as a liability in item 24000, "Amounts Owing to Parent, Subsidiaries and Affiliates." Investments of capital of a permanent nature should be classified as owner's capital in item 31000, "Share Capital." Undistributed profits of the entity should be reported separately in item 38000, "Retained Earnings."

Summary:

Loans and advances to be repaid - item 24000

Permanent capital investment - item 31000

Undistributed profits - item 38000

COMPARABILITY AND PREDICTIVE VALUE OF QUARTERLY FINANCIAL STATISTICS

The quarterly statistics produced from this survey are used to analyze short- and long-term cyclical trends. They are also used as leading indicators to forecast future economic activity and business profits. In order for the statistics to be useful they should be free of volatile quarter to quarter changes which are caused by year-to-date bookkeeping adjustments included in the current quarter estimates. As well, changes in accounting policies and methods, changes in the corporations included in the financial statements, and changes resulting from mergers or amalgamations and other structural adjustments affect quarter to quarter comparability of the statistics.

Quarter to quarter changes in items such as depreciation, amortization, interest expense, income taxes and capital expenditures caused by year-to-date adjustments included in the current quarter should be documented in the questionnaire and brought to the attention of the Statistics Canada survey staff. These adjustments are reallocated to previous quarters in the current year to produce a better estimate of quarterly trends. As well, any other changes in the current quarter's financial statements that would render them incomparable with those of the previous quarter should be documented either in the reporting entity section on the front page of the questionnaire or on an insert.

YEAR-END AND PRIOR YEAR'S ADJUSTMENTS

One of the objectives of the statistical program is to get as accurate as possible a measurement of quarterly revenues, expenses, and profits. It is recognized that interim financial statements do in fact contain a number of estimates that are revised at year-end to actual amounts. Because of the preliminary nature of the interim financial statements, the quarterly statistical program provides for revisions to the statistics on an on-going basis. Revenues and expenses reported in the fourth fiscal quarter could include year-end adjustments from preliminary estimates to actual amounts for the year. The accounts could also include year-end accruals and reclassifications that are not made during the year in the interim financial statements. The adjustments can materially affect the fourth quarter revenue and expense accounts, which in turn could distort the fourth quarter profits. To eliminate the distortions respondents are asked to report year-end adjustments in excess of \$500 thousand in the appropriate section of the fourth quarter questionnaire.

Statistics Canada's annual financial statistics program uses the quarterly revenues, expenses, and profit accounts as reported to the quarterly survey to produce annual accounts. This eliminates the need to conduct an annual survey in addition to the quarterly survey. The sum of the accounts of the four quarters should agree with the annual accounts as published in the annual financial statements. Therefore, it is important to know about all year-end adjustments. There are situations where year-end adjustments have not been entered in the company books prior to the preparation of the Statistics Canada fourth quarter financial statement report. In these cases the reported fourth quarter closing balance of retained earnings will not agree with the year-end balance in the company's financial statements. In the report of the first quarter of the following fiscal year this imbalance will appear as an adjustment to retained earnings. This prior year's adjustment should be reported in the appropriate section of the first quarter questionnaire in the year-end and prior year's adjustments statement. In some cases the year-end adjustments may not be finalized until the second quarter subsequent to the year-end. In these cases the applicable information will be reported in the questionnaire for the second fiscal quarter.

ACCOUNTING PRINCIPLES - FINANCIAL STATEMENT PRESENTATION AND DISCLOSURE

The quarterly financial statements questionnaire is designed to collect structured information required for the industry financial statistics program, and the system of national economic accounts. The financial statements detail and supplementary questions and schedules which are not normally found in published business financial statements are required to make the necessary conceptual adjustments and to calculate the Statement of Change in Financial Position as prescribed by the program.

Generally, the financial statements should be prepared in accordance with the codified generally accepted accounting principles (GAAP) as set out in the Canadian Institute of Chartered Accountants (C.I.C.A.) Handbook.

Specific requirements of the survey that depart from the C.I.C.A. Handbook, other industry specific accounting principles, and financial statement disclosure standards are as follows:

Balance Sheet

- i) Bank account credit balances (overdrafts) should not be offset against bank account debit balances. All credit balances should be shown as liabilities.
- ii) Investments in subsidiaries, affiliates and joint ventures on the equity method are separated into two accounts, investment in the acquired shares, and post-acquisition accumulated equity in the investee.
- iii) Sinking funds related to funded debt should be shown separately as an asset in the investment category, not netted against the liability.
- iv) Fixed assets include assets leased to others under an operating lease, capitalized leases (lessee), and construction-in-progress (new capital projects). This category excludes intangible assets.
- v) Deferred Income Taxes: All Balance Sheet accounts including credit and debit balances, short and long term, should be shown net in one line on the liability side of the balance sheet in cell 27000.

Retained Earnings

- i) Prior Period Adjustments are to be included in cell 38700, "Other Additions or Deductions."

Income Statement

- i) Expenses related to the amortization of deferred debits and deferred charges should be included in cell 52320.
- ii) All unrealized losses, writedowns, and writeoffs of assets, including adjustments to net realizable values, should be included in cell 56200.
- iii) All realized gains and losses related to the disposal of investments, loans and capital assets (except extraordinary items) should be included in cell 48000.
- iv) Charges related to allowances and provisions for declines in values of assets should be included in cell 55000, "Other Expenses."
- v) Profits or losses accruing to minority shareholders of consolidated subsidiaries should include the minority shareholders' portion of extraordinary gains and losses of the subsidiary. This means that the entire extraordinary gain or loss attributable to the subsidiary must be included in the extraordinary gain or loss line item of the consolidated income statement.

Real Estate Industry

A common practice of this industry is to capitalize or defer operating expenses and revenues of new properties until they are substantially occupied. For purposes of the quarterly financial statement survey, all such operating revenues and expenses should be included in their appropriate categories in the income statement.

Discontinued Operations

Gains or losses from discontinued businesses related to operations should be disclosed as normal operations showing detailed revenues and expenses separately in the prescribed accounts in the income statement. As well, the balance sheet items related to discontinued operations should be shown separately in their respective accounts.

Estimated gains or losses forecasted from a future disposal of assets of a discontinued operation are classified as an unrealized gain or loss, and as such should be shown in the revaluation account (cell 56200).

ITEM NO. 11000**CASH AND DEMAND DEPOSITS****Definition**

Cash and demand deposits consist of coins, bank notes, money orders, postal notes, cheques, accepted sight drafts, demand and notice deposit balances with banks and other financial institutions. Cheques issued against the reporting entity's accounts but not yet cleared should be shown in item 22100 (Accounts Payable and Accrued Liabilities). If the reporting entity has more than one deposit account, debit balances should not be netted against credit balances. Credit balances should be classified as overdrafts in items 25110 and 25180 (loans and overdrafts).

Valuation

Cash items and deposit balances should be valued at their face value at the balance sheet date.

Foreign currency should be expressed in terms of Canadian dollars using the exchange rate at the balance sheet date.

Inclusions

- a) demand and notice deposits
- b) restricted demand deposits

Exclusions

- a) bank overdrafts - see item 25110 (Loans and Overdrafts with Chartered Bank Branches in Canada)
- b) overdrafts in deposit accounts with other financial institutions - see item 25180 (Loans and Overdrafts with Others)
- c) term deposit certificates, guaranteed investment certificates and bearer term notes - see item 11600 (Term Deposits)
- d) swapped deposits - see item 11600 (Term Deposits)

Detail

- 11000 Cash and Demand Deposits
- 11100 Cash and Canadian Currency Demand Deposits
- 11110 Cash and Demand Deposits in Chartered Bank Branches in Canada
- 11180 Other Canadian Currency Demand Deposits (include Canadian currency deposits in other financial institutions and bank branches outside Canada)
- 11200 Foreign Currency Demand Deposits

ITEM NO. 11600**TERM DEPOSITS****Definition**

These are sums of money placed with another party, usually a deposit accepting financial institution, for a specified time period with the rate(s) of interest established in advance. Some term deposits may be cashable on demand, with a penalty before the maturity date.

Inclusions

- a) guaranteed investment certificates and debentures
- b) guaranteed savings certificates
- c) deposit receipts
- d) bearer deposit notes
- e) swapped deposits

Exclusions

- a) short-term notes of sales finance companies - see item 15120 (Bankers' Acceptances and Finance and Other Short-Term Paper)

- b) short-term commercial paper, including promissory notes of mortgage companies - see item 15120 (Bankers' Acceptances and Finance and Other Short-Term Paper)
- c) bankers' acceptances - see item 15120
- d) notice deposits - see item 11000 (Cash and Demand Deposits)

Detail

- 11600 Term Deposits
- 11630 Canadian Currency
- 11631 Chartered Bank Branches in Canada
- 11638 Other Institutions
- 11680 Foreign Currency

ITEM NO. 12100**ACCOUNTS RECEIVABLE AND ACCRUED REVENUE****Definition**

All claims against debtors arising from the sale of goods and services. Also included is accrued revenue receivable. Trade receivables are claims against customers for goods and services sold in the ordinary course of business.

Valuation

All accounts receivable should be shown gross before deducting allowance for doubtful accounts (item 12800).

Inclusions

- a) Insurance premiums and annuity considerations receivable, and amounts due from agents, other insurance companies and other branches and funds
- b) Other accounts receivable
 - i) interest, dividend and other investment income receivable
 - ii) receivables in connection with the sale of investments and fixed assets
 - iii) income taxes recoverable
 - iv) patronage dividends receivable
 - v) balance recoverable represented by the excess of GST input tax credits claimed over GST collections

Exclusions

- a) accounts receivable from affiliates - see item 14300 (Loans, Advances, Mortgages, Notes, Bonds and Other Claims)
- b) loans receivable - see items 16000 (Mortgage Loans to Non-Affiliates) or 17000 (Non-Mortgage Loans to Non-Affiliates)
- c) lease contracts receivable - see item 12200 (Lease Contracts Receivable)
- d) balance owing represented by the excess of GST collections over GST input tax credits claimed - see item 22100 (Account Payable and Accrued Liabilities)

Detail

- 12100 Accounts Receivable and Accrued Revenue
- 12131 Accounts Receivable
- 12135 Investment Income Due and Accrued and Other Receivables

ITEM NO. 12200**LEASE CONTRACTS RECEIVABLE****Definition**

Lease contracts receivable represents the total dollar value of rental payments receivable from lessees over the life of financing leases written by the reporting unit.

Valuation

Net lease contracts receivable should be reported at amortized value before deducting the loan loss provision while the residual value should remain constant over the life of the lease contract.

ITEM NO. 12800**ALLOWANCE FOR DOUBTFUL ACCOUNTS****Definition**

The allowance for doubtful accounts is a deduction from the book value of accounts receivable to reduce them to the estimated realizable value.

ITEM NO. 14000**INVESTMENTS IN AND CLAIMS ON PARENT, SUBSIDIARIES AND AFFILIATES****Definition**

This category covers all investments in and claims, other than insurance and annuity related receivables, on non-consolidated parent, affiliated and subsidiary corporations, affiliated joint ventures and partnerships, head office, directors, officers and individual shareholders.

Subsidiary companies are corporations directly controlled (i.e., over 50% of the voting shares held) by the reporting entity.

Affiliated companies of the reporting entity are corporations which are:

- a) effectively controlled or whose operations are significantly influenced by the reporting entity despite its holding less than the majority of voting shares
- b) controlled or significantly influenced by another company under the reporting entity's control
- c) within the same family of corporations under common ownership and control

Valuation

Shares should be valued at acquisition cost and other investments should be shown at amortized cost.

In cases where the investment value is permanently impaired and a write-down is recorded, this write-down will be reflected in item 56200 (Write-Offs and Valuation Adjustments).

If the equity method is used, the cost of shares is shown separately in item 14100 from the accumulated earnings less dividends received which are shown in item 14200.

Inclusions

Claims:

- a) loans (including mortgage loans), notes and advances to "affiliates," and holdings of debt instruments issued by non-consolidated parent, subsidiary and affiliated corporations, head office, and affiliated joint ventures and partnerships
- b) loans, notes and advances to directors, officers, and individual shareholders
- c) dividends and other non-trade receivables from non-consolidated parent, subsidiary and affiliated corporations, head office, and affiliated joint ventures and partnerships

Exclusions

- a) insurance and annuity related receivables - see item 12131 (Insurance and Annuity Related Receivables)

ITEM NO. 14400

INVESTMENT IN NET ASSETS OF FOREIGN OFFICES

Definition

This represents the difference between the value of the assets and liabilities related to business conducted by a Canadian company's unincorporated branches and offices located outside Canada. (Please note that this differs from the Office of the Superintendent of Financial Institutions' assets and liabilities held for business outside Canada, the determination of which corresponds to the location of the policyholder.)

ITEM NO. 15000

INVESTMENTS IN NON-AFFILIATES

Definition

This category covers investments in securities issued by non-affiliated entities.

Valuation

Except as noted below, debt securities and fixed term equity securities should be valued at acquisition cost or at amortized cost. Other equity securities should be valued at acquisition cost. In cases where the investment value is permanently impaired and a write-down is recorded, this write-down will be reflected in item 56200 (Write-Offs and Valuation Adjustments).

Exclusions

- a) loans receivable - see item 16000 (Mortgage Loans to Non-Affiliates) and 17000 (Non-Mortgage Loans to Non-Affiliates)
- b) investments in affiliates - see item 14000 (Investments in and Claims on Parent, Subsidiaries and Affiliates)
- c) term deposits, guaranteed investment certificates, term deposit certificates, bearer deposit notes and swapped deposits - see item 11600 (Term Deposits)

Detail

- 15000 Investments in Non-Affiliates
- 15100 Canadian Investments in Non-Affiliates
- 15110 Government of Canada Treasury Bills (see separate definition)

ITEM NO. 15110

GOVERNMENT OF CANADA TREASURY BILLS

Definition

This item covers investments in short-term Government of Canada obligations issued at a discount in lieu of interest. These obligations may be issued in Canadian or other currencies.

Valuation

Canada treasury bills should be shown at acquisition cost. Some investors, however, record this item at amortized cost.

Foreign currency should be expressed in terms of Canadian dollars using the exchange rate at the balance sheet date.

Inclusions

- a) Canada bills (bills issued in U.S. currency)

ITEM NO. 15120**BANKERS' ACCEPTANCES AND FINANCE AND OTHER SHORT-TERM PAPER****Definition**

This category covers investments in short-term debt securities issued by provincial and municipal governments, financial institutions and industrial corporations resident in Canada. Short-term securities are generally those with an original term to maturity of less than one year.

Valuation

These investments should be shown at acquisition cost. However, since short-term paper is generally purchased at a discount or premium and recorded at amortized cost, amortized cost is also acceptable.

Inclusions

- a) Canadian provincial and municipal government short-term bills and notes
- b) financial and commercial paper
- c) bankers' acceptances

Exclusions

- a) Government of Canada treasury bills - see item 15110 (Government of Canada Treasury Bills)
- b) term deposits, swapped deposits, guaranteed investment certificates, deposit certificates and collateral deposits - see item 11600 (Term Deposits)
- c) share options and warrants - see item 15160 or 15200 (Corporate Shares)

ITEM NO. 16000**MORTGAGE LOANS TO NON-AFFILIATES****Definition**

Mortgage loans and sales agreements receivable are loans made to purchase real estate contingent upon the borrowers' conveying title to the underlying real property to the lender as security for the loan.

Mortgages on properties which are partially residential and partially non-residential should be classified according to the property's major use. If this is not possible, classify the mortgages involved as residential.

Valuation

Mortgages and sales agreements should be shown at amortized cost before deducting provision for mortgage loan losses (item 19810).

Inclusions

- a) advances or draws as well as completed loans
- b) mortgages purchased from another investor
- c) mortgages assumed by seller of real estate

Exclusions

- a) mortgage loans to affiliates - see item 14300 (Loans, Advances, Mortgages, Notes, Bonds and Other Claims to Affiliates)

ITEM NO. 18310**LAND AND DEPRECIABLE ASSETS - GROSS****Definition**

These are tangible assets that are:

1. held by a corporation for use in the production or supply of goods and services, for rental to others (except real estate) or for administrative purposes and may include items held for the maintenance or repair of such assets;
2. have been acquired or constructed with the intention of being used on a continuing basis;
3. not intended for sale in the ordinary course of business.

Also included are assets acquired under capital leases which are leases where all the benefits and risks of ownership of leased property are transferred from the lessor to the lessee. Leased properties include land, buildings, machinery and equipment.

Also included are properties which the reporting entity has classified as non-productive or non-operating (i.e., not part of its fixed assets) and is in the process of divesting itself of them.

Valuation

Land and depreciable fixed assets should be valued at acquisition cost including interest capitalized, or allowance for funds used for construction, plus the cost of betterments, less write-downs to reflect permanent impairment.

Depreciable assets should be reported before deducting accumulated depreciation.

Inclusions

- a) land, roads, bridges and towers
- b) buildings and other structures
- c) inventories of assets held for leasing
- d) leasehold improvements
- e) machinery and equipment

Exclusions

- a) intangible assets - see item 19880 (Other Assets)
- b) real estate held for income - see item 18320 (Real Estate and Ground Rents Held for Income)

ITEM NO. 18320

REAL ESTATE AND GROUND RENTS HELD FOR INCOME - GROSS

Definition

Investments in land, buildings and leaseholds for the production of income. Properties held for both own use and production of income should be apportioned between real estate investment and fixed assets according to the actual use of the property. If amounts are not material, however, such properties may be classified in their entirety as investment or fixed assets according to their major use.

Valuation

Real estate investment should be valued at acquisition cost including interest capitalized and cost of betterments, less write-downs to reflect permanent impairment. Amounts reported should be before deducting depreciation. Also, do not net encumbrances from the value of real estate - report encumbrances under account 25500 (Mortgage Loans).

ITEM NO. 18350

ACCUMULATED DEPRECIATION

Definition

This is the accumulated periodic allocations of the cost of rental properties and fixed assets to expense.

ITEM NO. 19200

DEFERRED POLICY ACQUISITION EXPENSES

Definition

Policy acquisition expenses are costs arising from the sale of insurance policies or annuity contracts. These expenses usually relate to the acquisition of new business and normally arise in the year of sale. The deferred portion is the amount the reporting unit has identified as appropriate for matching against future premiums arising from the new policies or contracts.

Valuation

Deferred policy acquisition expenses should be recorded net of amortization and net of amounts associated with reinsurance ceded.

ITEM NO. 19810**ACCUMULATED PROVISIONS AND ALLOWANCES FOR LOSSES****Definition**

This item is the sum of the various contra or valuation accounts pertaining to provisions and allowances for losses or decline in value of investments, loans and other assets.

Exclusions

- a) allowance for doubtful accounts - see item 12800 (Allowance for Doubtful Accounts)
- b) reserves for losses which are appropriations of retained earnings - see item 35100 (Retained Earnings/Head Office Account - Appropriated)

ITEM NO. 19880**OTHER ASSETS****Definition**

This item covers all assets not elsewhere classified.

Valuation

Other assets should be valued at acquisition or amortized cost.

Inclusions

- a) prepaid expenses and deferred charges - expenditures which are expected to yield benefits in the future and are carried forward to be allocated to current operations in subsequent periods, e.g., amounts paid for goods and services not yet received, prepaid insurance and rents, organizational expense, research and development costs, and deferred pension costs
- b) cash surrender value of life insurance policies
- c) other unamortized deferred debits
- d) intangible assets

Exclusions

- a) deferred policy acquisition expenses - see item 19200 (Deferred Policy Acquisition Expenses)
- b) unamortized balance of deferred losses on investments - see item 29100 (Unamortized Balance of Deferred Gains/Losses on Investments)

ITEM NO. 21700**AMOUNTS LEFT ON DEPOSIT BY POLICYHOLDERS AND OTHERS****Definition**

These are dividends and benefits arising from insurance and annuity contracts which policyholders or beneficiaries have chosen to leave on deposit with a life insurer. Also included are amounts left on deposit with the insurer from which (or the income from which) future annual premiums on policies may be paid.

Exclusions

- a) claims payable - see item 22120 (Claims Payable and Provision for Unreported Claims)
- b) premiums received in advance - see item 26400 (Insurance Premiums Received in Advance)

Valuation

Loans denominated in foreign currency should be expressed in Canadian dollars using the exchange rate in effect on the balance sheet date.

Inclusions

- a) chattel or collateral mortgages
- b) overdrafts on deposit accounts as shown in the financial institution records
- c) exercised lines of credit
- d) capital lease obligations
- e) loans from foreign branches of Canadian Chartered Banks and foreign banks

Exclusions

- a) funds raised through mortgage loan contracts and the issuance of securities - see items 25500 (Mortgage Loans), and 25400 (Bonds and Debentures)
- b) bonds and debentures outstanding - see item 25400 (Bonds and Debentures)
- c) outstanding cheques - see item 22100 (Accounts Payable and Accrued Liabilities)
- d) accrued interest payable - see item 22180 (Other Accounts Payable)
- e) loans from parent, subsidiaries and affiliates - see item 24000 (Amounts Owing to Parent, Subsidiaries and Affiliates)
- f) mortgage loans - see item 25500 (Mortgage Loans)

ITEM NO. 25400**BONDS AND DEBENTURES****Definition**

This item covers bonds and debentures which represent long-term obligations. The instruments include a written promise to pay a specified sum of money at a fixed time in the future and to pay interest at a specified rate, and are usually secured by a pledge of assets. These debt instruments are usually marketable.

Valuation

This liability should be valued at proceeds of the issue before deducting fees or commission. However, many issues are issued at a discount and may be recorded at amortized value. If data on proceeds are not available, amortized values are acceptable.

Sinking funds consisting of investments may be established by the debtor under the terms of the bond agreement. The value of these investments should not be deducted from the value of the bonds outstanding but, rather, be shown in the appropriate asset category and the amount of debt shown at the actual amount outstanding.

Bonds and debentures retired through the use of sinking funds or other resources should be deducted from the total debt outstanding.

Investments in own bonds and debentures should not be netted against the corresponding liabilities but, rather, be shown in the appropriate investment category.

Bonds and debentures denominated in foreign currency should be expressed in Canadian dollars using the exchange rate in effect on the balance sheet date.

Exclusions

- a) mortgage loans - see item 25500 (Mortgage Loans)
- b) bank or other loans secured by bonds and debentures - see items 25110 (Loans and Overdrafts with Chartered Bank Branches in Canada) or 25180 (Loans and Overdrafts with Others), respectively

ITEM NO. 25500**MORTGAGE LOANS****Definition**

- d) mortgage bonds - see item 25400 (Bonds and Debentures)

ITEM NO. 26100**ACTUARIAL LIABILITIES****Definition**

The actuarial liability of a life insurer is the present value of future benefits which are expected to be paid under life insurance contracts, accident and sickness insurance contracts, annuity contracts, and pension plans in force, minus the present value of the related future premiums and contributions, all calculated using a selected set of actuarial assumptions, such as expected mortality, morbidity and interest rates.

Detail

- 26100 Actuarial Liabilities
- 26110 Liability For Staff Benefit Plans (see separate definition)
- 26180 Other Actuarial Liabilities

ITEM NO. 26110**LIABILITY FOR STAFF BENEFIT PLANS****Definition**

This account represents the liability of an insurer under pension and insurance plans it has set up for its staff. It consists of two elements: for current employees, employee and employer contributions left at interest and, for retired employees, the actuarial liability to pay future pensions as established at the date of employee retirement.

ITEM NO. 26180**OTHER ACTUARIAL LIABILITIES****Definition**

The present value of claims that will be paid out in installments for a long time into the future. Other actuarial calculated present values of future obligations resulting from underwriting activities.

ITEM NO. 26400**INSURANCE PREMIUMS AND ANNUITY CONSIDERATIONS RECEIVED IN ADVANCE****Definition**

Insurance premiums and annuity considerations received in advance of the due date.

ITEM NO. 26500**PROVISION FOR POLICYHOLDER DIVIDENDS AND EXPERIENCE RATING REFUNDS****Definition**

Dividends expected to be paid to participating policyholders as a result of savings or surpluses arising from differences between assumed and actual mortality and morbidity rates, claims experience, investment income, gains/losses from the sale of investments, and expenses. Also included are provisions for experience rating refunds. These are analogous to provisions for policyholder dividends except that they relate to group insurance policies.

ITEM NO. 27000**DEFERRED INCOME TAXES****Definition**

The excess or deficiency of income taxes payable based on taxable income in comparison to income taxes based on accounting income. The differences in income measurement between taxable income and accounting income are related to the timing of recognition of revenues and expenses.

This account represents the accumulated amount by which income taxes charged in the accounts have been increased or decreased as a result of timing differences.

Inclusions

a) all deferred income tax debits and credits arising from use of the income tax allocation method'

Exclusions

ITEM NO. 34000

APPRAISAL INCREASE CREDITS/DEBITS

Definition

This refers to unrealized increases in the value of fixed assets arising from an appraisal. It represents the difference between the appraised value of the asset and its cost or depreciated cost.

Exclusions

- a) gains/losses resulting from the disposal of assets - these are recognized as income and flowed through the income statement under item 48000 (Gains/Losses on the Sale of Assets) or item 58300 (Extraordinary Gains/Losses - Net)

ITEM NO. 35000

RETAINED EARNINGS/HEAD OFFICE ACCOUNT

Definition

Retained earnings refers to the accumulated undistributed earnings derived from all sources, including capital or extraordinary gains and losses. Retained earnings may be appropriated (i.e., set aside at the discretion of management or in accordance with the requirements of a statute, by-law, trust indenture or other agreement for a specific or general purpose) or unappropriated. Both are included here.

In general, the unappropriated portion of retained earnings is usually labelled simply as "retained earnings." Thus, if an industry's questionnaire contains separate accounts for appropriated retained earnings, the "retained earnings" covered by the Statement of Retained Earnings refers only to unappropriated retained earnings.

Head office account represents the investment (in terms of capital and operating balances) a foreign company has in an unincorporated branch operating in Canada. In instances where a report covers less than an entire Canadian incorporated company, this account represents the head office's claim on the reporting unit.

Inclusions

- a) the undistributed profits portion of the head office accounts and capital accounts of unincorporated entities

Exclusions

- a) contributed surplus - see item 33000 (Contributed Surplus)
- b) appraisal surplus or appraisal increase credits - see item 34000 (Appraisal Increase Credits/Debits)
- c) share capital - see item 31000 (Share Capital)
- d) permanent capital of unincorporated entities - see item 31000 (Share Capital)

EQUITY IN NET INCOME OF UNCONSOLIDATED AFFILIATES

Definition

This item is applicable only to reporting entities employing the equity method of accounting for investment in unconsolidated parent, affiliated and subsidiary corporations, affiliated joint ventures and partnerships. It is the reporting entity's portion of the affiliates profit or loss for the current period.

Exclusions

- a) under the equity method of accounting for investments, dividends received from affiliates that are credited directly to the investment account will not appear in this item, nor will they be included in the measurement of net income - see items 75100 and 75200 (Dividends Received from Corporations Accounted for on the Equity Method)

ITEM NO. 58200

MINORITY SHAREHOLDERS' PORTION OF NET INCOME/LOSS

Definition

In cases where reporting entities consolidate a subsidiary which is not wholly owned, the portion of the subsidiary's profit or loss for the current period accruing to the minority shareholders will be shown in this item.

Contrary to C.I.C.A. treatment, which requires the exclusion of the minority shareholders' portion of extraordinary gains and losses of consolidated subsidiaries, the IOFD definition requires that this item include the minority shareholders' interest in all revenues, expenses, gains and losses, including extraordinary gains and losses. The consolidated accounts should include 100% of the subsidiary's revenues, expenses, gains and losses, including extraordinary gains and losses.

ITEM NO. 58300

Definition

Gains, losses and provision for losses which are not typical of the normal business activities of the reporting entity. In a business, the events giving rise to extraordinary gains/losses are not expected to occur regularly over a period of years, are not considered as recurring factors in ordinary business operations.

In the case of consolidated financial statements, the parent's portion as well as the minority shareholders' share of extraordinary items (i.e., 100% of the gains or losses) should be included in this item. This treatment is contrary to C.I.C.A. guidelines which recommend that only the parent's portion of a subsidiary's extraordinary item be reported.

Inclusions

- a) events and circumstances that do not depend primarily on decisions or determinations by management or owners
- b) intervention by government or other regulatory bodies such as expropriations of property
- c) acts of God such as floods or earthquakes
- d) losses resulting from fires or other catastrophes

Exclusions

- a) tax benefit of a loss carried forward - see item 57000 (Canadian Income Taxes)
- b) gains/losses from discontinued operations
 - i) results of current operations should be reflected in appropriate revenue and expense items
 - ii) recognition of future gains or losses - see item 56200 (Write-offs and Valuation Adjustments)
 - iii) realized gains/losses - see item 48000 (Gains/Losses on the Sale of Assets)
- c) unusual and non-recurring items that do not meet the criteria set out in the definition of extraordinary gains/losses
 - i) asset valuation adjustments such as write-downs and write-offs to net realizable values - see item 56200 (Write-offs and Valuation Adjustments)
 - ii) gains and losses on the disposal of investments, fixed assets and loans - see item 48000 (Gains/Losses on the Sale of Assets)
 - iii) provisions for future liabilities for estimated costs that will be paid in the future - see item 55000 (Other Expenses)

ANNUAL SUPPLEMENT TO THE QUARTERLY SURVEY OF FINANCIAL STATEMENTS

CAPITAL LEASES

Explanation and Definitions for questions 1, 2 and 9

The classification of a lease depends on whether substantially all the benefits and risks of ownership are transferred from the lessor to the lessee. If they are not transferred, the lease is termed an "operating lease"; if they are, it is called a "capital lease" from the lessee's viewpoint, and a "sales-type" or "direct financing" lease for the lessor.

Under an operating lease, the lessor retains the leased assets on its books, depreciates it, and recognizes rental revenue as it becomes due. The lessee charges lease rentals to expense as incurred and its balance sheet is unaffected. Under a capital lease, the lessor recognizes, in essence, a loan receivable (a sale and then a loan receivable for a sales-type lease) and records finance income. The lessee records the acquisition of an asset, which is then depreciated on a basis consistent with assets of a similar nature, and the incurrence of an obligation similar to a loan. Lease payments are shown as a blend of interest expense and repayment of principal.

Questions 1, 2 and 9 relate only to those accounts maintained by a lessee for capital leases:

1. Assets acquired under capital leases - year-end balance:

The amount requested is the depreciated book value of assets acquired under capital leases. (In the quarterly survey of financial statements, this amount should have been reported as part of fixed assets in account 18310.)

2. Capital lease obligations - year-end balance:

This amount represents the year-end balance of the present value of the obligation under capital leases. (In the quarterly survey of financial statements, this amount should have been reported as part of non-mortgage loans or "other loans" - account 25180.)

9. (a) Rental or lease payments for the year:

This is the total payments made by the lessee to the lessor under a capital lease. The payments consist of two components, interest expense and reductions of principal. Expenses related to the operation and maintenance of leased machinery and equipment are not to be included here.

9. (b) Interest expense charged to current operations:

This represents that portion of the rental or lease payments charged to interest expense for the year.

9. (c) Depreciation charged to current operations:

This represents the depreciation expense related to assets acquired under capital leases.

DEFERRED CHARGES AND PROVISION FOR FUTURE OBLIGATIONS

Explanation and Definitions for questions three to six

Purpose

Business profits as reported on the quarterly survey of financial statements are used in the estimate of National Income. National Income is one of the ways that economic production for all of Canada is measured. The System of National Accounts (SNA) has a conceptual framework and set of definitions which are standardized for all sectors of the economy. Thus, the measurement of business income or profits is governed by the definitions of capital and current expenditures in the SNA. Capital expenditures relate to the purchases of fixed assets such as structures, buildings, machinery and equipment. All other expenditures are classified as current and, as such, are deducted from revenues in the measurement of profits.

However, accounting policies used by business recognize what is sometimes referred to as allocation accounting. Under this concept, expenditures which are not capital in nature can be deferred and appear as balance sheet assets. These deferred charges and debits will be charged to operations in future periods. To comply with the SNA concepts of profit measurement, Statistics Canada annually adjusts reported profits by adding back to profits expenditures that are booked during the year as deferred charges or debits. This, in effect, transfers the original expenditure from the balance sheet to the income statement to become a charge against profits in the period in which they were incurred.

QUESTIONS THREE AND FOUR - DEFERRED CHARGES

Questions three and four ask for the necessary information to make the adjustment described above. Question three asks for the amounts booked during the year as deferred charges or deferred debits. Question four asks for the amounts charged to current operations during the year, except amounts charged to current operations and reported in the quarterly questionnaires in the following expense accounts:

Account 52320 - Amortization of deferred charges

Account 56200 - Write-offs and valuation adjustments

Account 58310 - Extraordinary gains and losses

The reason for the exclusion of the above accounts is that the amounts reported in these accounts on the quarterly reports are already added back to profits on a quarterly basis. If the amounts were included in the answer to question four, the add-back to profits would be duplicated.

a) Deferred financing costs of new securities issues - Accounts 62110, 62210

Included in these accounts would be costs recognized in connection with the issuance of securities on the public market, such as bonds, debentures, and shares booked during the year as deferred charges/debits. Such costs usually include items such as underwriters' fees and commissions, advertising, issuing a prospectus, and legal and accounting fees.

b) Deferred preproduction costs - Accounts 62120, 62220

Included in these accounts would be costs incurred in developing and preparing a facility or a business for operations, booked during the year as deferred charges/debits.

Items that should be excluded from deferred preproduction costs (accounts 62120 and 62220) are:

1. Deferred charges related to the purchase of machinery and equipment that will eventually be transferred to a fixed asset account and classified as a capital expenditure
2. Prepaid expenses
3. Deferred research and development costs - see item (c)

c) Deferred research and development costs - Accounts 62130, 62230

Research and development costs relate to costs incurred in the following activities:

Research involves planned investigation undertaken with the hope of gaining new scientific or technical knowledge and understanding. Such investigation may or may not be directed towards a specific practical aim or application. Development is the translation of research findings or other knowledge into a plan or design for new or substantially improved materials, devices, products, processes, systems or services prior to the commencement of commercial production or use.

QUESTIONS FIVE AND SIX - PROVISION FOR FUTURE OBLIGATIONS

Questions five and six relate to liabilities established to recognize costs and charges against the current period's profits. The obligation to pay such costs or the incurring of such expenditures will not take place until sometime in the medium to long-term future. Question five asks for amounts credited to the liability accounts and charged to the current year's profits. The recognition of this event does not involve a cash transaction. Question six asks for amounts actually paid during the year related to costs that were previously recognized and expensed when the liabilities were booked in earlier periods. Amounts actually paid include cash paid and accounts payable. Amounts reported in item 5 will be added back to reported profits, while amounts reported in item 6 will be deducted from profits to comply with SNA accounting concepts.

Provision for pension costs, retirement benefits, deferred compensation related to current and former employees - Accounts 62310, 62410

Included in these accounts are costs associated with all types of formal or informal deferred compensation plans for current and former employees credited to the liability accounts and charged to the current year's profits. The recognition of this obligation does not involve a cash transaction.

Deferred compensation is restricted to retirement income and post-employment compensation. This account does not include accruals and accounts payable classified as current liabilities.

Rental Revenue

Explanation and Definition for question seven

Rental revenue, account number 43000 on the quarterly questionnaire, is required in more detail on an annual basis for the System of National Accounts. Accordingly, this question requests a split between rental revenue from all real estate properties (7 a), and rental revenue generated by other assets (7 b). Please refer to the quarterly questionnaire definitions - account 43000.

PROVISIONS FOR LOSSES, WRITE-DOWNS, AND WRITE-OFFS

Explanation and Definitions for question eight

Purpose

According to the definitions and concepts of business profits in the System of National Accounts (SNA), provision for losses related to financial assets such as accounts receivable, investments and loans are not recognized as charges against profits. Similarly, a provision for losses on discontinued operations is not considered a charge against profits. Therefore, to enable Statistics Canada to add these amounts back to profits annually, these charges are requested in column A. The actual write-offs of accounts previously set up as a provision or allowance are requested in column B.

Column A

Provisions charged to current operations during the year - Accounts 55400, 55873, 55871, 55872

The amounts requested in these accounts relate to all provisions for losses charged to current operations related to the uncollectability or the decline in value of accounts receivable, discontinued operations, investments, and loans. These charges to current operations are established by crediting a balance sheet valuation account.

Do not include in these accounts amounts that were reported in the following quarterly questionnaire expense accounts:

Account 56200 - Write-offs and valuation adjustments

Account 58310 - Extraordinary gains and losses

The reason for the exclusion of the above accounts is that the amounts reported in these accounts on the quarterly reports are already added back to profits.

Column B

Write-offs charged to balance sheet contra or valuation accounts - Accounts 71100, 71400, 71200, 71300

The amounts requested in these accounts relate to all write-offs of the categories of assets listed in 8(a), (b), (c) and (d) which cover accounts receivable, assets of discontinued operations, investments, and loans. These write-offs do not flow through the income statement as charges against profits. They represent a reduction in the asset account and an offsetting reduction in the related balance sheet valuation account.
