Reporting Instructions

1. Please read carefully all instructions and definitions in this booklet and on the questionnaire.
2. All dollar amounts reported **should be rounded** to CANADIAN DOLLARS (**\$CDN**) (e.g. \$5,400.40 should be rounded to \$5,400).
3. Financial data are **not** required to be audited.
4. Your best estimates are acceptable when precise figures are not available.
5. To report items not specified on the questionnaire, use lines designated as "Other" and provide supplementary information.

Reporting Arrangements

1. You have been provided with two copies of the questionnaire, one for use as your working copy and the other to be completed and returned to Statistics Canada. Please keep the working copy for your own records.
2. Statistics Canada survey staff would be pleased to discuss alternatives that would make completing this survey easier for you. Such alternatives could include:
 - (a) providing a spreadsheet on diskette rather than completing the paper questionnaire;
 - (b) completing the survey over the telephone with the assistance of Statistics Canada staff;
 - (c) providing financial statements rather than completing the RCF Survey financial questions.
3. If you have prepared a report of statistical and financial data for regional boards or provincial government ministries, you may send a copy of the report instead of completing the same items on the RCF Survey questionnaire. Please complete the cover page of the RCF Survey and return it with the report to Statistics Canada.
4. If this facility is administered by a central agency or is a multiple facility set-up, please indicate the reporting arrangements and the name, address and number of beds of each facility involved in the administrative entity. This will enable Statistics Canada to modify the mailout for the next year and thereby eliminate duplicate reporting and additional respondent burden.

Cover Page

1. **Fiscal period** - For the purpose of this survey, please report information for your 12 month fiscal period for which the **final day** occurred on or between April 1, 1997 and March 31, 1998. For example, if your fiscal period ended December 31, 1997, please report for the period January 1, 1997 to December 31, 1997.
2. **Legal name** - If the legal name and business name (the name on the questionnaire label) are the same, place a check mark in the circle. If they are different, please print the **legal name** of your facility in the space provided.
3. **Type of organization** – Place a check mark in the circle beside the option that best describes the legal organization of this business.
4. **GST number** – Please provide the first nine (9) digits of this facility's GST Registered Account Number (also known as the Business Number).

The GST Registered Account Number will be used to verify the information about this facility currently held on Statistics Canada's Business Register.

Inside Cover

1. Please correct the business name, address, contact name and telephone number shown on the pre-printed label, using the corresponding boxes on the inside of the cover page.
2. The pre-printed label on the cover page contains codes corresponding to the information currently held in the Statistics Canada inventory. The table below provides a list of the codes and their definitions. Your responses on this questionnaire will be used to update the information.

Instructions for page 1

A. Ownership – refers to the person, group of persons, agency or corporate body who is the registered owner according to the deed.

Proprietary – applies to a facility owned by an individual. It also applies to private organisations and/or corporations operating for a profit.

Religious – applies to a facility owned and operated by a religious organisation on a non-profit basis.

Lay – applies to a facility owned and operated by a voluntary lay body on a non-profit basis. This category excludes facilities maintained by industrial or commercial corporations (see proprietary).

Municipal – applies to a facility owned and operated by a city, county, municipality or other municipal government, or by another body which is empowered to levy taxes or to otherwise operate after the fashion of a municipality.

Provincial or territorial – applies to a facility owned by a branch, division, agency or department of a provincial or territorial government.

Federal – applies to a facility operated by a department or agency of the Government of Canada, e.g. Veterans' Affairs, Health Canada or National Defence.

B. Beds

Approved complement – the number of beds licensed or approved by provincial or municipal authorities. Report all beds, even if some are not in use at the present time.

Staffed and in operation – report only the number of beds available for use. Include those occupied, and any vacant beds to which you could today admit residents. This amount does not have to agree with approved complement.

C. Total days of care during reporting period by responsibility for payment

A day of care is the period of service to a resident between the census taking hours on two successive days. The total days of care are the number of days of care in the reporting period or year. A facility of four beds and 100 percent occupancy would report total days of care as (4×365) 1,460. A facility of four beds in which one bed was not occupied for 31 days during the year would report total days of care as 1,429. This could be calculated as $(4 \times 365) - 31$ or counting each day that each bed was occupied $(1 \times 365) + (1 \times 365) + (1 \times 365) + (1 \times 334)$. If unable to provide a breakdown, report days under major funding agency.

Line 1. Applies to those days charged to a Provincial or Territorial Government Health Program or Department.

Line 2. Applies to those days charged to any Provincial or Territorial Government Social Service Program or Department.

Line 3. Applies to those days charged to any other Provincial or Territorial Department other than Health or Social Services, e.g. crown agencies such as Alcohol and Drug Commissions.

Line 4. Applies to those days charged to a municipality, regional or district administration.

Line 5. Applies to all days not reported above including residents who pay for their own care directly or through private insurance and those paid for by Workers' Compensation Board, Department of Veterans' Affairs, etc.

D. Movement of residents

Line 1. **In facility as at April 1, 1997** – the count of all the residents who were assigned a bed as at 00:01 hours, April 1. Include any resident who was temporarily absent from the facility on this date, e.g. visiting relatives or residents transferred to other institutions such as hospitals, but who had not been formally discharged.

Line 2. **Admission** – the official acceptance into the facility of a resident. Reception involves the allocation of a bed to a resident. An admission is registered each time a person is formally admitted.

Line 3. **Total under care** – the total of those on the books April 1 plus all admissions during the year.

Line 4. **Discharge** – the official departure from the facility of a live resident.

Line 5. **Death** – the cessation of life of a resident after admission and before discharge.

Line 6. **Total separations** – the total of discharges and deaths.

Line 7. **In facility as at March 31, 1998** – the count of all residents registered in the facility at 24:00 hours, March 31 and includes residents temporarily out of the facility who had not been formally discharged.

Instructions for page 2

Characteristics of residents

The purpose of page 2 (Section E., F., & G.) is to obtain data on residents as at one particular day in the year (March 31, 1998).

Appreciating that a number of residents to whom beds have been assigned may be temporarily absent on this date, please include all residents registered in your facility when completing details on this page.

E. Age and sex of residents – lines 1-10

Count each resident once only, and assign them to the appropriate columns according to their age and sex grouping.

F. Types of care – column 2

Counting each resident once only, please assign all residents in your facility to one of the types shown, based on the type of care which the resident is receiving (in the facility) as at March 31, 1998. For temporarily absent residents, indicate the type of care these residents usually receive in this facility.

- Line 1. **Room and board** – for those residents paying only for the use of a room. No services or type of care are received.
- Line 2. **Room and board with guidance/counselling** – minimum amount of care possible in a facility. Usually basic counselling and assistance with social problems. Most children's and alcohol and drug facilities will be in this category.
- Line 3. **Room and board with custodial care** – minor supervision required.
- Line 4. **Type I Care** – that required by a person who is ambulant and/or independently mobile, who has decreased physical and/or mental faculties, and who requires primarily supervision and/or assistance with activities of daily living and provision for meeting psychosocial needs through social and recreational services. The period of time during which care is required is indeterminate and related to the individual condition but is less than 90 minutes in a 24 hour day.
- Line 5. **Type II Care** – that required by a person with a relatively stabilised (physical or mental) chronic disease or functional disability who, having reached the apparent limit of recovery, is not likely to change in the near future, who has relatively little need for the diagnostic and therapeutic services of a hospital, but who requires availability of personal care for a total of 1 ½ - 2 ½ hours in a 24 hour day, with medical and professional nursing supervision and provision for meeting psychosocial needs.
- Line 6. **Type III Care** – that required by a person who is chronically ill and/or has a functional disability (physical or mental), whose acute phase of illness is over, whose vital processes may or may not be stable, whose potential for rehabilitation may be limited, and who requires a range of therapeutic services, medical management and skilled nursing care plus provision for meeting psychosocial needs. A minimum of 2½ hours of individual therapeutic and/or medical care is required in a 24-hour day.
- Line 7. **Higher type care** – report here those persons who need substantially more nursing and/or medical care than described above. It is

assumed that there would be very few residents who would be receiving care of this type. Care above TYPE III is usually provided in a hospital setting.

Refer to Appendix 1 for the list of provincial equivalencies of type of care.

G. Principal characteristics

Counting each resident once only, please group them according to the most appropriate principal characteristic.

- Line 1. **Aged** – Residents are in the facility mainly because of old age (65+). They may have some other related disabilities associated with ageing, but for the purpose of this survey, consider the principal characteristic as aged.
- Line 2. **Physically challenged/disabled** – Residents are in a facility primarily because of bodily dysfunctions (e.g. blind, deaf, loss of limbs, etc.)
- Line 3. **Developmentally delayed** – Residents are slow or limited in intellectual or emotional development or academic progress.
- Line 4. **Psychiatrically disabled** – Includes ex-psychiatric patients, individuals with a chronic mental illness or those convalescing from a mental illness.
- Line 5. **Emotionally disturbed children** – Children with behaviour disorders that require specialised treatment.
- Line 6. **Alcohol/Drug** – Residents require treatment for problems with alcohol or drug addiction.
- Line 7. **Delinquent** – A young person whose conduct is out of accord with the accepted behaviour under the law. The emphasis is placed on social maladjustment rather than criminal intent.
- Line 8. **Transients** – Persons requiring short-term respite who are without a home due to an emergency or a continuing situation.

Note – Only hostels providing at least a counselling level of care fall into scope for the RCF survey. Hostels providing only hotel or room and board should not be included. If your facility falls into the latter category, please state this on the cover page and return this survey.

G. Principal characteristics – Concluded

Line 9. **Other** – Includes residents who do not fit in any of the other categories, e.g. unmarried mothers, children requiring shelter who do not fit in any of the other categories, etc.

Instructions for page 3

Personnel

Persons employed as at March 31, 1998 – Persons on the payroll of the facility as at March 31.

Exclude voluntary workers for whom no salaries are recorded. Also exclude persons paid on a fee for services basis (doctors or dentists on call, etc.). Report this as an expense in Section J.

Columns 1 & 2

The owner/operator of a small facility may be the only person working full-time. If this is the case, show 1 as full-time on line H.6. Hours should be split to reflect the approximate time spent in Direct care for residents, line H.6 and General services, line I.1. Report remuneration in Section J, line 6.

When a person on the staff line fills more than one position, that individual is to be recorded once only; i.e., for the category of employment in which the major portion of time is spent.

Full-time – refers to persons employed on a full time basis, i.e. regularly employed throughout the facility's full work week.

Part-time – refers to persons employed on a part time basis, i.e. regularly employed on selected days or partial days in the facility's work week.

Report only the number of "full-time" and "part-time" staff employed. Do not use full time equivalencies unless actual figures are unavailable. Exclude casual employees from the first two columns. Casual employees refers to those employed on a non-continuing or irregular basis, such as those who temporarily relieve regular employees on vacation or sick leave or those who are hired temporarily for such casual jobs as snow removal, office overload, etc.

Column 3

Total accumulated paid hours during the reporting period – include total paid hours for all full-time, part-time and casual employees who have had salaries or wages paid to them by the facility. Hours covering paid holiday time and other paid leave are to be included for all categories of personnel.

ROUND OFF FRACTIONS AND REPORT WHOLE NUMBERS ONLY.

H. Direct care to residents – Lines 1-6 – show here all the personnel whose time is spent mainly with the residents, giving assistance, nursing care, guidance or any other forms of personal help directly to the residents. The majority of facilities will report most of their direct care personnel on line 6.

Line 1. **Registered nurses** – are persons who have graduated from a recognised formal nursing educational program and have qualified to practise nursing as registered nurses according to appropriate provincial legislation.

Depending on the size of the facility, this may include the Director of Nursing, the Assistant Director of Nursing, supervisors and general duty nursing staff who qualify as registered nurses.

In facilities where the Director of Nursing also acts as the Administrator of the facility, report data for this person under Administration, Section I, line 1.

Line 2. **Registered qualified nursing assistants / licensed practical nurses** – are persons authorised to function as nursing assistants according to appropriate provincial legislation.

Line 3. **Physiotherapists/Occupational therapists** – a physiotherapist is a person qualified to practise by meeting the requirements of the Canadian Physiotherapy Association or equivalent standards and is responsible for the maintenance and improvement of the functional capacity of a resident through procedures including exercise, massage and manipulation.

An occupational therapist is a person qualified to practise by meeting the requirements of the Canadian Association of Occupational Therapists, who is responsible for the maintenance and improvement of the functional capacity of the resident through the practice of activities of daily living and the development of vocational and manual skills.

Line 4. **Other therapists** – would include speech therapists, child therapists, behaviour therapists, group therapists, etc.

Line 5. **Activity/recreation staff** – any staff involved in setting up or maintaining a program of social activities, recreation, or hobbies for the residents.

Line 6. **Other care staff** – would include nursing aides, health care aides, counsellors, child care workers, orderlies, social workers, graduate nurses, etc.

I. General services – Lines 1-5 – report here information on all other personnel of the facility who provide indirect services and who are not shown in Section H, lines 1-6 above.

Line 1. **Administration** – the person(s) providing administrative direction and also carrying out such functions as admitting, personnel and payroll, accounting, purchasing, switch board, public relations, etc.

Only report data relating to the personnel who carry out any of these functions in residential care facilities.

Line 2. **Dietary** – the persons involved in the requisitioning, storage, preparation and distribution of food to meet the normal and therapeutic nutritional needs of residents and for other food services provided by the facility. This will include the operation of a cafeteria.

Line 3. **Housekeeping, laundry** – the persons involved in maintaining a sanitary environment and the persons involved in the processing of soiled linen and for receiving, repairing, storing, distributing, controlling and supplying clean linen and wearing apparel as required for residents and staff of the facility.

Line 4. **Plant operation, maintenance and security** – the persons involved in the provision, distribution and monitoring of water, light, heat, power and other building service systems throughout the physical plant, and for the protection of property, persons and residents, and responsible for the servicing and repairing of the physical plant. This includes services of a janitor.

Line 5. **Other** – report here any other General Services personnel and hours not provided for above and please specify the nature of the service. Include outreach workers employed by the facility but providing services outside of the facility in the community.

persons as a fee for service (doctors not on staff, etc.).

Line 7. **Drugs** – report here all drugs used throughout the facility, as well as medicines, anaesthetic gases, oxygen and other medical gases, intravenous solutions, etc., dispensed by prescriptions or otherwise.

Line 8. **Medical and Surgical Supplies** – included in this category are items used in the treatment and examination of residents such as sutures, dressings, clinical thermometers, sterile supplies, catheters, needles and syringes, etc.

Line 9. **Other Supplies** – report here the total cost of all other supplies and expenses of services involved in the direct care of residents which cannot more suitably be reported on lines 3-8 (column 2).

K. General Services – Lines 1-5

Where the facility has arranged for any services, e.g. dietary, housekeeping, maintenance, to be provided by an independent outside company as a “purchased service” – the total costs of such service should be shown in column 2 and no costs shown in the salaries and wages column regarding such purchased service. Please note such “purchased services” in the space provided for supplementary information.

Line 1. **Administration** – the expense centre to which are allocated the costs of providing administrative direction and for carrying out business office, fiscal and personnel functions of the facility including admitting, personnel and payroll, public relations, purchasing, stores, switchboard and chaplaincy.

In column 2 give the total costs to the employer of all types of **employee benefits**, such as Canada Pension Plan, Employment Insurance, Provincial Health Insurance Plan, Workers' Compensation, Group Life and Group Pension Plans.

Also include, if applicable, honorariums paid to members of the Board and/or Medical Advisory Committee, and legal, audit and collection fees.

The total cost of the following types of items should be charged to Administration: printing, postage, advertising, conventions, dues & subscriptions, donations, freight, delivery, telephone, automobile expenses, travel and insurance.

Instructions for page 4

Expenses

On this page show details of the cost of operating and maintaining the facility for the 12 months ended March 31, 1998. Capital costs are to be excluded.

REPORT IN DOLLARS ONLY, OMITTING CENTS

J. Direct Care to Residents – Lines 1-6 (column 1) should correspond with details in Section H concerning personnel and paid hours; if hours have been reported on a line in Section H, there should be a corresponding dollar value reported in Section J and vice versa.

Column 2 Report any expenses, other than salaries and wages, related to a specific area or department. Include any amounts paid to

K. General Services – Concluded

Line 2. **Dietary** – the costs for the requisitioning, storage, preparation and distribution of food to meet the normal or therapeutic nutritional needs of residents and other food services provided by the facility. This will include the operation of a cafeteria.

Report in column 2 the costs of food, dishwashing supplies, paper products, dishes, cutlery, etc.

Line 3. **Housekeeping, laundry** – the costs for maintaining a sanitary environment, including the costs for processing soiled linen and for receiving, repairing, storing, distributing, controlling and supplying clean linen and wearing apparel as required for residents and staff of the facility.

Line 4. **Plant operation, maintenance and security** – the costs for the provision, distribution and monitoring of water, light, heat, power and other building service systems throughout the physical plant; for the protection of property, persons and residents; and for servicing and repairing the physical plant.

Line 5. **Other** – report here all other costs of general services which cannot more properly be allocated to the above expense centres (lines 1-4).

L. Other expenses

- Report any interest on loans, notes, mortgages, etc.
- Business taxes, land and realty taxes, etc. (**EXCLUDE income tax**).
- Overhead charged to the facility for Head Office management.
- Depreciation for the 12 month period for buildings, furniture and equipment, land improvements, automobiles, etc.
- Rent or leased costs of building and/or equipment.
- Insurance premiums, licences and fees paid to government or other regulatory bodies, etc.

Instructions for page 5**M. Income**

Report on this page the total income of the facility for the 12 months ended March 31, 1998.

As the usual basis of income is the charging of a set rate for accommodation, this will represent the majority of the income.

REPORT IN DOLLARS ONLY, OMITTING CENTS

Line 1. **Provincial Health Insurance Plan** – where Provincial Health Insurance provides coverage for standard ward accommodation for an eligible resident, record the income earned

from such a Plan, e.g. Ministry or Department of Health or Long Term Care.

Line 2. **Provincial Social Services Plan** – report all amounts earned from Provincial Government Social Service Programs or Departments, e.g. Dept. of Social Services, Dept. of Social Services and Community Health (Alta.), Community and Social Services (Ontario), Community Services and Corrections (Man.), etc.

Line 3. **Other Provincial Department or Ministry** – report amounts earned from a provincial department or agency other than Health or Social Services, e.g. crown agencies such as alcohol/drug commissions.

Line 4. **Municipalities, Regional or District Administrations** – include all amounts earned from municipalities, regional or district administrations on behalf of residents.

Line 5. **All Other** – include all amounts for accommodation earned from sources other than described (lines 1-4) including earnings from persons paid for by Federal Government departments or agencies, Workers' Compensation, Department of Veterans' Affairs, etc. Also include any grants or donations received by the facility.

Line 6. **Residents – Co-insurance or Self-pay** – record all amounts to be paid by residents personally or by private insurance companies as their share of the standard ward rate.

Line 7. **Differential – Preferred Accommodation** – record all amounts earned from persons occupying semi-private and private rooms for which an additional charge over and above standard ward rate is charged.

Line 9. **Sundry Earnings** – record here all other earnings not attributable to basic accommodation, this would include (where applicable) such items as:

Physical therapy
 Special duty nursing
 Hairdressing or barber services
 Laundry, dry cleaning
 Employee or guest meals
 Vending machines, telephone
 Day care
 Sale of crafts.
