B - Main business activity

1. Please describe the nature of your business.

To ensure that you have received the appropriate questionnaire, you are asked to describe the nature of your business. The description should briefly state the main activities of your business unit.

The main activity of an enterprise engaged in consulting services is to provide expert advice and to make recommendations to client firms such as the adoption of approaches and processes and the establishment of strategies. Such a consulting services enterprise **can** also undertake itself the work that arises from its own recommendations for the client firm, i.e., their actual implementation.

However, for this survey, to be considered a consulting services enterprise, the enterprise **must** generate the majority of its revenues from advice that it provides to client firms **and not from** the implementation of its own recommendations.

2. Please check the one main activity which most accurately represents your main source of revenue.

Below is a description of each main activity.

G - Personnel

To fully measure the contribution of all human capital in this industry, we require information on the number of partners and proprietors as well as the number and classification of workers.

1. Number of partners and proprietors, non-salaried (if salaried, report at question 2 below)

For unincorporated businesses, please report the number of partners and proprietors for whom earnings will be the net income of the partnership or proprietorship.

2. Paid employees

a) Average number of paid employees during the reporting period

To calculate the average number employed, add the number of employees in the last pay period of each month of the reporting period and divide this sum by the number of months (usually 12).

Exclude:

- partners and proprietors, non-salaried reported at question 1 above.

b) Percentage of paid employees (from question 2a) who worked full time

Full-time employment consists of persons who usually work 30 hours or more per week. Please specify the percentage of paid employees who have been working full time by rounding the percentage to the nearest whole number.

3. Number of contract workers for whom you did not issue a T4, such as freelancers and casual workers (estimates are acceptable)

Contract workers are not employees, but workers contracted to perform a specific task or project in your organization for a specific duration, such as self-employed persons, freelancers and casual workers. These workers are not issued a T4 information slip. Please report the number of contract workers employed by your organization during the fiscal year.

4. Number of volunteers during the reporting period (estimates are acceptable)

Please report the number of unpaid workers employed by your organization during the fiscal year.

5. Number of hours worked by all volunteers during the reporting period (estimates are acceptable)

Please report the number of hours recorded by your organization for the work performed by volunteers during the fiscal year.

H - Sales by type of client

This section is designed to measure which sector of the economy purchases your services.

Please provide a percentage breakdown of your sales by type of client.

Please ensure that the sum of percentages reported in this section equals 100%.

1. Clients in Canada

a) Businesses

Percentage of sales sold to the business sector should be reported here.

Include:

- sales to Crown corporations.

b) Individuals and households

Please report the percentage of sales to individuals and households who do not represent the business or government sector.

c) Governments, not-for-profit organizations and public institutions (e.g., hospitals, schools)

Percentage of sales to federal, provincial, territorial and municipal governments should be reported here.

Include:

- sales to hospitals, schools, universities and public utilities.

2. Clients outside Canada

Please report the share of total sales to customers or clients located outside Canada including foreign businesses, foreign individuals, foreign institutions and/or governments.

Include:

- sales to foreign subsidiaries and affiliates.

I - Sales by client location

Please provide a percentage estimate of your total sales (first point of sale) by client location.

Please ensure that the sum of percentages reported in this section equals 100%.

The percentage in question 14 must equal question 2 in section H.

J - International transactions

This section is intended to measure the value of international transactions on goods, services, and royalties and licences fees. It covers **imported services and goods** purchased outside Canada as well as the value of **exported services and goods** to clients/customers outside Canada. Please report also royalties, rights, licensing and franchise fees paid to and/or received from outside Canada. Services cover a variety of industrial, professional, trade and business services.

K - Provincial/territorial distribution

This section is intended to collect information on the locations operated by your business during the reporting period.

Please report the number of business units or locations operating in Canada during the reporting period. Business unit is defined as the lowest level of the firm for which accounting records are maintained for such details as revenue, expenses and employment.

Please report data for the provinces or territories in which you have business units and indicate if you are reporting in Canadian dollars **or** percentages.

General information

Survey purpose

Statistics Canada conducts this survey to obtain detailed and accurate data on this industry, which is recognised as being an important contributor to the Canadian economy. Your responses are critically important to produce reliable statistics used by businesses, non-profit organizations and all levels of government to make informed decisions in many areas.

The information from this survey can be used by your business to benchmark your performance against an industry standard, to plan marketing strategies or to prepare business plans for investors. Governments use the data to develop national and regional economic policies and to develop programs to promote domestic and international competitiveness. The data are also used by trade associations, business analysts and investors to study the economic performance and characteristics of your industry.

Data-sharing agreements

To avoid duplicating surveys and to ensure more uniform statistics, Statistics Canada has entered into data-sharing agreements with many provincial and territorial statistical agencies.

The objective of these data-sharing agreements is to share data from some surveys for those business establishments operating within their respective jurisdictions. **These agreements require that the shared data be used only for statistical purposes and be kept confidential.** Survey participants are always informed at the time of collection if a sharing agreement applies to a particular survey.

There are two types of data-sharing agreements that exist under the *Statistics Act*.

Agreements under Section 11 of the *Statistics Act* allow the sharing of information from the Unified Enterprise Survey program with the statistical agencies of Newfoundland and Labrador, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and Yukon. These statistical agencies have been established under provincial and territorial legislation authorizing them to collect this information on their own or jointly with Statistics Canada. Their legislation also provides the same confidentiality protection and outlines similar penalties for disclosure of confidential information as the federal *Statistics Act*.

Agreements under Section 12 of the *Statistics Act* allow the sharing of information from the Unified Enterprise Survey program with the statistical agencies of Prince Edward Island, the Northwest Territories and Nunavut. All these Section 12 agreements require that the information be kept strictly confidential.

Under Section 12, you may refuse to share your information with any of these agencies by writing a letter of objection to the Chief Statistician of Canada and returning it with your completed questionnaire. Please specify those agencies from which data shall be withheld.

Please note that Statistics Canada does not share any individual survey information with the Canada Revenue Agency.

For more information about these data-sharing agreements, please contact Statistics Canada at **1-888-881-3666** or visit our website at **www.statcan.ca**.

Thank you!
