Purpose of the Survey

To obtain information on the supply of and demand for energy in Canada. This information serves as an important indicator of Canadian economic performance, is used by all levels of government in establishing informed policies in the energy area and, in the case of public utilities, is used by governmental agencies to fulfill their regulatory responsibilities. The private sector likewise uses this information in the corporate decision-making process.

Confidentiality

Statistics Canada is prohibited by law from publishing any statistics which would divulge information obtained from this survey that relates to any identifiable business. The data reported will be treated in strict confidence, used for statistical purposes and published in aggregate form only. The confidentiality provisions of the *Statistics Act* are not affected by either the *Access to Information Act* or any other legislation. An exception to the general rule of confidentiality under the *Statistics Act* is the disclosure, at the discretion of the Chief Statistician, of identifiable information relating to public utilities, which includes undertakings supplying petroleum or petroleum products by pipeline, and undertakings supplying, transmitting or distributing gas, electricity or steam. This applies to the dissemination of aggregate survey results at the provincial or territorial level where only one or two public utilities may have reported data or where one dominates the industry in a particular province or territory.

Data Sharing Agreements

To reduce response burden and to ensure uniform statistics, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations for the sharing of data from this survey. These organizations must keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

Agreements to share information from this survey exist under Section 11 of the *Statistics Act* with the statistical agencies of Newfoundland and Labrador, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and the Yukon, regarding

business establishments located or operating in their respective jurisdiction. These statistical agencies have the legislative authority to collect this information on their own or jointly with Statistics Canada. Their legislation also contains the same confidentiality protection and outlines similar penalties for disclosure of confidential information as the federal *Statistics Act*.

Agreements to share information from this survey exist under Section 12 of the *Statistics Act* with the statistical agencies of Prince Edward Island, the Northwest Territories and Nunavut, regarding business establishments located or operating in their respective jurisdiction, and with Natural Resources Canada and Environment Canada, the National Energy Board, the Ontario Ministry of Energy, Saskatchewan Industry and Resources, Alberta Energy, Resources Conservation Board and British Columbia Ministry of Employment and Investment. Under Section 12, you may refuse to share your information with any of these organizations by writing a letter of objection to the Chief Statistician and returning it with the completed questionnaire. Please specify the organization with which you do not want to share your data. Note that there is no right of refusal with respect to sharing the data with Alberta Energy Resources Conservation Board and Saskatchewan Industry and Resources. The information is collected in Alberta under the *Statistics Act* and on behalf of the Board under the authority of the Coal Conservation Act and Regulations or the Oil and Gas Conservation Act and Regulations. In Saskatchewan, the information is collected under the *Statistics Act* and on behalf of the Department pursuant to the Saskatchewan Oil and Gas Conservation Act and Regulations, 1985 and the Saskatchewan Mineral Resources Act.
