INTRODUCTION AND INSTRUCTIONS

In support of the Canadian Government's systems of allowance for expatriate civilian and military employees, the Government Allowance Indexes Section of Statistics Canada has been assigned the responsibility for the computation of comparative indexes of retail prices and costs (Post Indexes) encountered by Canadian Government personnel stationed at foreign locations/posts.

The responsibility of employing departments for introducing indexes into compensation systems is described in the Foreign Services Directives (FSD 55), and the Military Foreign Service Instruction, for the Canadian Forces.

The information obtained from this survey will form the basis for establishing or adjusting your Post Living Allowance (PLA) payable under the Foreign Service Directive (FSD 55). **Thus, it is important to you that the information you provide be as accurate as possible.** In the separate price survey questionnaires, retail prices on a wide range of consumer goods and services are collected directly from those retail outlets used by Government employees.

This questionnaire should be completed by each Canada-based family or individual member of the mission. Your co-operation in ensuring that the necessary information is supplied a soon as possible will be appreciated.

The various questions have been grouped under eight sections:

Section A: General information relating to yourself, your family and the location at which you are stationed.

Section B: Purchasing Patterns: relative importance of supply sources (local versus imports, etc.)

Section C: Communications & Television Information

Section D: Transportation Information.

Section E: Domestic Help Costs.

Section F: Household Insurance Costs

Section G: Additional Information

The information reported should reflect your own purchasing practices. Please describe the experience of you and your family. **Do not try to give answers representative of the post as a whole.** Actual retail prices for your location are being collected separately through your Survey Co-ordinator.

Once you have completed Sections A-G, the questionnalite should be forwarded to the Survey Co-ordinator at your post who will, in turn, send it to Ottawa along with all other survey material required.

Statistics Canada is prohibited by law from publishing any statistics that would divulge information obtained from this survey that relates to any identifiable business/institution/individual without the previous written consent of that business/ institution/individual. The data reported on this questionnaire will be treated in confidence, used for statistical purposes and published in aggregate form only. The confidentiality provisions of the Statistics Act are not affected by either the Access to Information Act or any other Legislation.

Thank you for your co-operation.

SECTION A : GENERAL INFORMATION

1) Name of Employee (PLEASE PRINT)	4) Public Service classification or military rank
2) Location, post or military establishment	5) Number of years (months) at this location: year(s) months(s)
3) Employing Department	6) Number of people living in your household: Adults Children Ages of children (including yourself)

SECTION B : PURCHASING PATTERNS

IMPORTANT REMINDER : Base your estimates on QUANTITY not Cost

1) This section is below for cons											
N.B. If you hav	ve been at thi	s post more	than one	year yo	u should	report you	ur experien	ces of the	bast 12 mo	onths onl	у.
INSTRUCTION * In the case of		gularly consu	med, do	not enter	any perc	entages a	and indicate	e according	ly under "c	omments	".
* Where items	are regularly	consumed, C	Columns /	A to I mus	st total 10	0% horizo	ontally.			\wedge	
* In columns A & B, report the percentage of the total quantity of purchases made at <u>local stores which are accessible to all</u> <u>consumers</u> , regardless of the item's country of origin. In column A, report the percentage of local purchases made using the Currency of this country. In Column B, report the percentage of purchases made with other currencies, e.g., US Dollars. These secondary currencies should be specified.											
* In columns C to E, report percentage of the total quantity of purchases made at <u>local outlets which may have restricted access</u> to specific groups. Include diplomatic stores, hard currency stores, embassy and/or military facilities that are located within driving distance of the post.											
* Under " <u>Supply Brought to Post</u> " (column F), show the percentage of the total quantity of purchases for goods that were brought to this post from Canada or a previous posting. This column should include goods brought at the time of arrival and/or supplies purchased during trips to Canada.											
Exclude good while on trips				additiona	I freight,	insurance	e or handlir	ng fees are	incurred. I	Exclude p	urchases made
 * In <u>columns G to I,</u> report the percentage of the total quantity of purchases for goods that were imported from other locations. Direct Importation refers, for the most part, to Export Houses such as Peter Justesen. Purchases made through the Internet should be included in these columns. Goods shipped from Canada that incurred additional costs such as freight, insurance or handling fees should be included in these columns.
