High speed Internet access revenues also includes broadband Internet access revenues.

Other Internet service revenues includes revenues from equipment sales and rental, and Internet applications and transport services. Internet applications include e-mail, web hosting, data centre services, etc. Transport services include Border Gateway Protocol (BGP) and ISP connectivity.

Revenues from data or private line services used to provide Internet access are considered Internet revenue and are to be included as part of 'High speed access' revenues.

Revenues from data or private line services used to provide Internet transport are considered Internet revenue and are to be included as part of the 'Other Internet services' revenues.

Data revenues Includes all revenues from data protocols, network management services, equipment sales and rentals, and other related services.

Private line revenues include revenues from short- and long-haul private line services, and dark fibre and optical wavelength (lambda) services, and equipment rental and sales.

Broadband Internet access service is defined as Internet access service with an advertised download speed of 1.5 Mbps or greater.

Voice (including sms/mms) includes revenues from mobile subscription plans with a voice only, voice with texting or voice with browsing service.

Voice and data mobile service revenues include revenues from mobile subscriptions with voice & data service plans. These plans encompass smartphones and rocket hubs, as well as, mobile phones with voice and data service but excludes mobile subscriptions with browsing plans. Include regular BlackBerry (BB) plans (BB unlimited social networking, BB unlimited email, and BB regular bucket based data plans, and non-BB regular based data plans). However, exclude \$10 browsing plans that are only available on regular phones.

Data only mobile service revenues include revenues from mobile subscriptions with data only plans. Include all sticks (prepaid & post-paid), PC cards, laptop/notebooks with mobile Internet built-in, rocket hubs (data only), iPads (prepaid & post-paid), other tablets, and smartphones/phones with data only plans. Exclude plans that provide mobile Internet connectivity between machines or devices such as parking meters.

The number of high-speed Internet access subscribers includes broadband Internet access subscribers.

The number of broadband Internet access subscribers includes Internet access service with advertised speeds of 1.5 Mbps or greater.

Voice and data service subscribers, with a voice & data plan, refers to all subscribers with smartphones, rocket hubs, or regular mobile phones with a data plan. Exclude mobile phone plans with browsing only. Include BlackBerry (BB) plans (BB unlimited social networking, BB unlimited email, and BB regular bucket based data plans, and non-BB regular based data plans). Exclude \$10 browsing plans that are only available on regular phones.

Data only mobile service subscribers includes mobile subscriptions with data only plans. Include all sticks (prepaid & post-paid), PC cards,

laptop/notebooks with mobile Internet built-in, rocket hubs (data only), iPads (prepaid & post-paid), other tablets, and smartphones/phones with data only plans. Exclude plans that provide mobile Internet connectivity between machines or devices such as parking meters.
