Read carefully before completing

Authority: This survey is conducted under the authority of the Statistics Act, Revised Statutes of Canada, 1985, c. S-19. Completion of this questionnaire is a legal requirement under the Statistics Act.

Survey objective: This survey collects data which are essential for the analysis of the Railway Transport I. dustry and the assessment of its contribution to the Canadian economy. These data provide input into Canada's System of National Accounts to the calculation of the Gross Domestic Product. They are also used by various Government Departments to develop policy and to monitor the industry.

Coverage: Common call ier rail ways operating in Canada.

Confidentiality: Sta. tics Canada is prohibited by law from publishing data which would divulue identifiable business information without the previous written consent of that business. The data reported on this questionnaire will be treated in confidence, used for statistical purposes and published in aggregate form only. The confidentiality provisions of the Statistics Act are not affected by either the Access to Information Act or any other Legislation.

Return procedures: Please return the questionnaire by May 31st, 2008. If you are unable to do so, please inform us of the expected completion date.

Federal Agreements: In order to avoid duplication and ease the burden on respondents, Statistics Canada has entered into an agreement under section 12 of the Statistics Act, with Transport Canada and the Canadian Transportation Agency, for the joint collection and sharing of information. The agreements we have with these agencies require that they keep the information confidential and use it only for statistical and research purposes. Under section 12, respondents may object to the sharing of their information by giving notice in writing to the Chief Statistician and returning their letter of objection along with the completed questionnaire in the enclosed envelope. For federally-regulated carriers only. Statistics Canada is collecting the information for itself pursuant to the Statistics Act and on behalf of Transport Canada pursuant to the Canadian Transportation Act and the Carriers Information Regulations. In this case, respondents do not have the right to object to sharing their information since Transport Canada is authorized by law to require the respondent to provide the information.

Correspondence and Assistance: If you require assistance in the completion of this questionnaire or have any questions regarding the survey, please address all inquiries to:

Transportation Division Statistics Canada 150 Tunney's Pasture Drive Ottawa, Ontario K1A 0T6

For communication with Greg Maloney by telephone, please call (613) 951-0162, by fax at (613) 951-0009 or by e-mail at Gregory.Maloney@statcan.gc.ca.

regory.iviaioney@statean.go

FOREWORD

- 1. The Annual Report in the accompanying form is to be completed in accordance with the provisions of the Statistics Act, Revised Statutes of Canada 1985, Chapter S19 and to be returned to the Director, Transportation Division, Statistics Canada, Ottawa no later than May 31 of the year following that for which the report is made.
- 2. The Report is divided into the following sections, all pertaining to Rail Operations in Canada:

Schedu	ıles
--------	------

(a) Companies Consolidated in Report
(b) Financial
(c) Statistical
(d) Property Units
G. 35
F. 1, F.3 to F 5
S. 10, 12 to 13
P. 15, 18 to 20

- 3. Each item on the schedules should be completed fully and accurately, whether or not the information has been provided in a previous statement of the Annual Report. Where dates are called for, enter month and day as well as year. Schedules which would otherwise have contained the words "N/A", "Nit.", "NONE", etc. only, ARE NOT TO BE SUBMITTED, and this fact shall accordingly be so indicated in the "N/A" column by an "X" in the "List of Schedules."
- 4. Respondents are encouraged to complete and submit the schedules in a greed upon electronic format. If submitted in hardcopy, all entries should be typewritten or printed in black, with those of a contrary character indicated in brackets. Items of an unusual character should be indicated by an appropriate symbol and footnote.
- 5. Money items (except averages) throughout this Annual Report should be rounded in **Canadian dollar** amounts as in each case.
- 6. Metric or Imperial weights and measures can be profes throughout these schedules. Please indicate on the form where applicable whether Imperial or Metric units have been reported.
- 7. Except where the context clearly indicates some other meaning, the following terms, when used with reference to the Annual Report, have the meaning started below:

means the person or company on whose behalf the report is made. "Respondent" "Year Ended" means the year ended 31st December for which the report is made. "Beginning of the Year" means the beginning of business on 1st January of the year for which the report is made; or, in case the report is made for a shorter period than one year, the beginning of the period covered by the report. means the year ended 31st December of the year immediately preceding the year for which "Preceding Yea the report is made. "Uniform Classification means the revised Uniform Classification of Accounts and Related Railway Records. of Accounts (UCA)" dated January 1, 1989, as prescribed by the National Transportation Agency of Canada under Order No. PC88-R-1215 dated the 23rd day of December, 1988, for the use by all railways, subject to the jurisdiction of the Agency, or as amended by Section 156 of the Canada Transportation Act.

⁵ To be calculated from bi-monthly count (Class 1 Railways) and monthly count (Class 2 and 3 Railways). This item should reflect the To be a rousined join or-inchinity count (class 1 realiways) and monthly count (class 2 and a railways). This tem should reflect in a verage jumber of cars physically on your lines (foll. foreign cars) during year. This average might be arrived at by counting the number of class on your lines at noon on the fifteenth of each month and dividing by twelve, or by some similar method. Inclu. I baggage cars, combination (baggage and other functions) cars and battery charger cars. Includes club cars with meal service and dome cars.

Includes all car types used in commuter service.

<sup>Division of switching locomotive miles between train and yard is optional but if any figures not actual then a note should explain this fact. Switching mileage may be calculated by multiplying switching hours by 6 m.p.h.
Gasoline, Diesel, Electric Storage Battery and other Rail Diesel Cars, include Rail Diesel Baggage Cars.
Studyselv of Locomotive units.
Show actual or estimated gross ton-miles for passenger equipment.</sup>
