Fax or Other Electronic Transmission Disclosure

Statistics Canada advises you that there could be a risk of disclosure during the facsimile or other electronic transmission. However, upon receipt, Statistics Canada will provide the guaranteed level of protection afforded to all information collected under the authority of the Statistics Act.

Purpose of Survey

This survey collects data essential for the statistical analysis of the passenger bus and urban transit industry and its impact on the Canadian economy.

Confidentiality

The data are used for statistical purposes only and published in aggregate form. Statistics Canada is prohibited by law from publishing any statistics that divulge information that relate to any identifiable business without the prior written consent of that business. The confidentiality provisions of the Statistics Act are not affected by the Access to Information Act or any other legislation.

Federal Provincial Data Sharing Agreements

To avoid duplication and ease the burden on respondents, Statistics Canada has entered into agreements for this survey:

A. Under section 11 of the Statistics Act with the Newfoundland Statistics Agency and the Québec Statistics Institute: Statistics Canada only enters into section 11 agreements with provincial statistical agencies that have statistics acts similar to the federal act. These agencies have the authority to collect this information and the same provisions for confidentiality and penalties for disclosure of information as the Federal Statistics Act.

B. Under section 12 of the Statistics Act with the Newfoundland Department of Works, Services and Transportation, the Nova Scotia Board of Commissioners of Public Utilities, the Quebec Department of Transportation, the Ontario Ministry of Transportation and Transport Canada (see section C below): These agencies are required to keep the information confidential and only use it for statistical and research purposes. Under section 12, respondents may object to the sharing of their information by giving notice in writing to the Chief Statistician and returning their letter of objection along with the completed questionnaire.

C. Further to the section 12 agreement with Transport Canada, the following applies to federally regulated carriers: Statistics Canada is collecting the information for itself pursuant to the Statistics Act and on behalf of Transport Canada pursuant to the Canada Transportation Act and the Carriers Information Regulations. Respondents do not have the right to object to sharing their information since Transport Canada is authorized by law to require the respondent to provide the information.
