A - Introduction

Survey purpose

The purpose of this survey is to collect the financial data needed to estimate value added for the trucking industry and to analyze its impact on the Canadian economy.

Data-sharing agreements

To reduce respondent burden, Statistics Canada has entered into agreements with provincial and territorial statistical agencies and other government departments for the sharing of data. The data will be kept confidential and used for statistical purposes only by these organizations. For further details on any data-sharing agreement for this survey, please consult the last page of this questionnaire.

Confidentiality

The *Statistics Act* protects the confidentiality of information collected by Statistics Canada. Please see the enclosed reporting guide for more information.

Fax or other electronic transmission disclosure

Statistics Canada advises you that there could be a risk of disclosure during facsimile or other electronic transmission. However, upon receipt, Statistics Canada will provide the guaranteed level of protection afforded all information collected under the authority of the *Statistics Act*.

Data-sharing Agreements

To reduce respondent burden, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations, who must keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

Section 11 of the *Statistics Act* provides for the sharing of information with provincial and territorial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantially the same provisions for confidentiality and penalties for disclosure of confidential information as the *Statistics Act*. Because these agencies have the legal authority to compel businesses to provide the same information, consent is not requested and businesses may not object to the sharing of the data.

For this survey, there are **Section 11** agreements with the provincial and territorial statistical agencies of Newfoundland and Labrador, and Quebec.

The shared data will be limited to business establishments located within the jurisdiction of the respective province or territory.

Section 12 of the *Statistics Act* provides for the sharing of information with federal, provincial or territorial government organizations. Under **Section 12**, you may refuse to share your information with any of these organizations by writing a letter of objection to the Chief Statistician and returning it with the completed questionnaire. Please specify the organizations with which you do not want to share your data.

For this survey, there are **Section 12** agreements with the Newfoundland and Labrador Department of Transportation and Works, the Nova Scotia Department of Transportation and Infrastructure Renewal, the Quebec Department of Transportation, the Ontario Ministry of Transportation and the Alberta Ministry of Transportation.

For agreements with provincial and territorial government organizations, the shared data will be limited to business establishments located within the jurisdiction of the respective province or territory.

Statistics Canada has also entered into a **Section 12** agreement with Transport Canada whereby the information collected will be provided to Transport Canada pursuant to the *Canada Transportation Act* and the Carriers and Transportation Undertakings Information Regulations. In this case, respondents do not have the right to object to sharing their information since the party to the Agreement is authorized by law to require the respondent to provide the information.

Data Linkage

To enhance the data from this survey, Statistics Canada may combine it with information from other surveys or from administrative sources.

Please note that Statistics Canada does not share any individual survey information with the Canada Revenue Agency.

For more information about these data-sharing agreements, please contact Statistics Canada at **1-800-386-1273** or visit our website at **www.statcan.gc.ca**.

Thank you!
