## A - Introduction

### SURVEY PURPOSE:

This survey collects data on capital and repair expenditures in Canada. The information is used by Federal and Provincial governments and agencies, trade associations, universities and international organizations for policy development and as a measure of regional activity.

### CONFIDENTIALITY:

Statistics Canada is prohibited by law from publishing any statistics which would divulge information obtained from this survey that relates to any identifiable business without the previous written consent of that business. The data reported on this questionnaire will be treated in strict confidence, used for statistical purposes and published in aggregate form only. The confidentiality provisions of the *Statistics Act* are not affected by either the *Access to Information Act* or any other legislation.

### Returning your questionnaire:

Please complete a questionnaire for the operation(s) and location(s) described on the address label above. You should only report for those operations located in Canada. Please send the completed questionnaire(s) in the enclosed envelope to **Investment and Capital Stock Division, Statistics Canada, Ottawa Ontario K1A 0T6**. If you wish to send the questionnaire by facsimile, please see Reporting Guide for details. Thank you.

**Do you have any questions?  
Do you need another questionnaire?**

**SECTION H: Capacity Utilization**

Section "H" (field 820) applies to organizations with manufacturing operations only.

For the year 1999, this plant operated at what percentage of its capacity? ..... % 820

Capacity is defined as maximum production attainable under normal conditions. With regard to normal conditions, please follow the company's operating practices with respect to the use of productive facilities, overtime, workshifts, holidays, etc... When any of your facilities permit the substitution of one product for another, use a product mix at capacity which is most similar to the composition of your 1999 output.

If this plant operated at less than capacity during 1999, what is the principal reason? (Please check the appropriate box)

insufficient orders (850)	<input type="checkbox"/>	plant shutdown (e.g. upgrading, equipment failure)	(854)	<input type="checkbox"/>
