## Tame Hay and Straw Prices

Ontario

The **purpose** of this survey is to collect accurate, up-to-date information on farm prices for hay and straw. These data are used to calculate farm cash receipts which measure agriculture contribution to the Canadian economy. These data are also used by producer organizations, government departments and others for policy and decision-making.

What is the average price for hay and straw, you, or farmers in your neighbourhood, received on or near the 15th of last month? Please report an average price which takes into account all grades. Report the transaction price received when ownership first changes hands.

	Code	Price per bale	Weight per bale <input type="checkbox"/> pounds <input type="checkbox"/> kilograms
Tame hay, all varieties, baled	116	\$	
Straw, baled	127	\$	

### Record linkages

To enhance the data from this survey, Statistics Canada may combine it with information from other surveys or from administrative sources.

### Data-sharing agreements

ONTARIO RESIDENT:

To avoid duplication of enquiry, Statistics Canada has entered into a data-sharing agreement with your provincial statistical agency under **Section 11** of the *Statistics Act*. Your provincial agency has legislation similar to the *Statistics Act* to protect your data. Your data must be kept confidential and be used only for statistical purposes.

*NOTE TO INTERVIEWERS: Because this statistical agency has the legal authority to compel businesses to provide the same information, consent is not requested and farm operations may not object to the sharing of their data.*

An agreement has also been signed under **Section 12** of the *Statistics Act* with the Ontario Ministry of Agriculture, Food and Rural Affairs.

Do you agree to share your information with this organization?
