Please correct any mistakes in name or address

While your participation in this survey is voluntary, your cooperation is important to ensure that the information collected in this survey is as accurate and as comprehensive as possible.

This survey is being conducted at the request of Agriculture and Agri-Food Canada and in co-operation with Canadian Seed Trade Association. It is conducted to better evaluate trends in usage of improved forage seed varieties. Information from this survey will be used for statistical purposes only and will be published in aggregate form only.

Statistics Canada is prohibited by law from releasing any information it collects which could identify any person, business, or organization, unless consent has been given by the respondent or as permitted by the *Statistics Act*. The confidentiality provisions of the *Statistics Act* are not affected by either the *Access to Information Act* or any other legislation.

1. Report all legume, grass and native forage and turf seed shipped to customers in all Canadian provinces or regions in the year ending JUNE 30, 2010.

**NOTE: Report the individual mixture components with their species.**

2. Do not include shipments to the other wholesalers, municipal and private seed cleaning plants, and Forage seed processors. These are already being surveyed.  
This precaution is to avoid double counting.

3. Please put an "x" in the box of the unit you wish to use:

001-1

Pounds

001-2

Kilograms

4. Please complete the form and mail in the enclosed post-free envelope or fax to 1-888-883-7999, by Monday, November 15, 2010.

Statistics Canada advises you that there could be a risk of disclosure during the facsimile or other electronic transmission. However, upon receipt, Statistics Canada will provide the guaranteed level of protection afforded all information collected under the authority of the *Statistics Act*.

**Thank you for your co-operation.**
