**Survey of Labour and Income Dynamics (SLID):  
Preliminary, Labour and Income Interview Questionnaire for  
Reference Year 2008**

by Income Statistics Division

## **Executive summary**

The *Survey of Labour and Income Dynamics* (SLID) is a national household survey which collects information related to the standard of living of individuals and their families. By interviewing the same people over a period of six years, we are able to monitor these changes and their causes.

A preliminary interview of background information is collected for all respondents aged 16 and over, who enter the SLID sample. Preliminary interviews are conducted for new household members during their first labour and income interview after they join the household. A labour and income interview is collected each year for all respondents 16 years of age and over.

The purpose of this document is to present the questions, possible responses and question flows for the 2009 preliminary, labour and income questionnaire (for the 2008 reference year).

FOR INFORMATION ONLY

## 1. Introduction

Every January, the *Survey of Labour and Income Dynamics* (SLID) interview is conducted using computer-assisted interviewing (CAI). CAI is paperless interviewing. This document is therefore a written approximation of the CAI interview, or the questionnaire.

A preliminary interview of background information is collected for all respondents aged 16 and over who enter the *Survey of Labour and Income Dynamics* (SLID) sample. For the majority of the longitudinal respondents, this occurs when a new panel is introduced and the preliminary information is collected during the first labour and income interview. However, all persons living with a longitudinal respondent are also interviewed for SLID. Preliminary interviews are conducted for new household members (joiners) during their first labour and income interview after they join the household. Longitudinal persons who have turned 16 while their household is in the SLID sample are then eligible for SLID interviews so they are asked the preliminary interview questions during their first labour and income interview.

A labour and income interview is collected each year for all respondents 16 years of age and over. Respondents have the option of answering income questions during the interview, or of giving Statistics Canada permission to access their income tax records.

In January 2009, data was collected for reference year 2008 from panels 5 and 6. Panel 6, was introduced which consisted of approximately 17,000 households. Panel 5, in its fourth year, also consisted of approximately 17,000 households.

This research paper presents the content of the 2009 preliminary, labour and income interview (for reference year 2008), including question wording, possible responses and flows of questions.

## 2. Content

The preliminary interview is comprised of three main modules:

- EX: Work experience – data on both part- and full-time work;
- DE: Family and personal history – marital history, birth history, mother tongue, place of birth, ethnic origin;
- EP: Educational attainment – certificates and degrees, years of schooling and parents' level of education. Although the EP questions are part of the preliminary interview, they are asked within the education (ED) module of the labour interview.

The labour and income interview is comprised of eight main modules:

- DA: Dates – Employer start and end dates are collected for up to six employers during the year. This module has an employer roster (a list of all

employers the person worked for during the year) and employer names from the previous January are fed back. For a person on unpaid absence at the beginning of last January, the absence as well as the employer name is fed back.

Regarding “don’t know” responses in employer dates: To collect information on an employer, the interviewer must be able to establish the date the person started working for that employer. If the interviewer is able to establish the month the job began, but not the day, the computer will set the day to 01 and the employer will be accepted. Similarly, if the interviewer can establish the month the job ended, but not the day, the computer will set the day to 28. However, if the interviewer cannot get an estimate of the month in which the job started or ended, it is impossible to proceed with that employer, and it is deleted from the roster. If the respondent reports no employers during the past year, the respondent skips to SE.

The following classification of jobs is used in DA:

**Job type 1** - a job at which the respondent was working on December 31<sup>st</sup> of the previous reference year.

**Job type 2** - a job at which the respondent was not working on December 31<sup>st</sup> of the previous reference year but to which he/she was attached (i.e. on temporary lay-off or away on an absence of more than a week).

**Job type 3** - a job not previously identified in the survey, generally one at which the respondent started working during the reference year.

Jobless spells are derived from the dates of employment.

Employment with each employer is characterized as ended or un-ended, referring to whether the respondent was working for the employer at the end of the reference year. If a job type 1 is denied, the job is deleted without an array of probing questions. For job type 2, one probing question is asked if the job is denied.

CH: Characteristics – This will be collected for up to six employers per respondent. For job type 1 and 2, information on employer name, and type of work performed is fed back to the respondent. A change in occupation and wages can be recorded, as can one change in work schedule for job types 1 and 2. This allows greater precision in deriving implicit hourly wage rates or total annual earnings from an employer (total annual earnings from all employers will also be collected in the income interview). The number of absences of one week or more (except paid vacation), and details on the first and last absences with each employer are also recorded.

- SE: Search – If there was a jobless spell identified in ‘DA’ or if the respondent did not work at any time in the year, the flow will be directed to this module. For each jobless spell, there are a series of questions on job search, and the desire for employment. For people who begin the year with a jobless spell, the search status in January is fed back to the respondent only if they were looking for work.
- CO: Compensation – This module asks questions regarding receipt of Employment Insurance, Social Assistance, or Workers' Compensation and the months in which it was received during the reference year. This information is collected for everyone, independently of any reported job absences and jobless spells.
- SP: Spend – This module requests information on support payments (both paid and received), child care expenses, and inter-household transfer payments (both monetary and non-monetary).
- ED: Education – This module on formal education includes educational activity during the year, and degrees, certificates or diplomas obtained. If respondents attended more than one type of educational institution, several flows will result providing information also on field of study, program length, and time attended (months, weeks, hours). By asking question ED\_Q150 about other degrees, certificates or diplomas received during the reference year, this identifies situations where a respondent received a degree in the reference year although the program finished the previous year. Questions are asked to identify whether respondents have ever received a student loan and, if so, how much was borrowed and how much is still owed. The education module also contains a few questions on the most important work-related course taken by the respondent.
- DI: Disability – This module contains questions concerning disability which are asked of all respondents. The basic structure of the questions concern disability at home, at work and in other activities, but a distinction is made in the questions asked for those who worked versus those who didn't work in the reference year. No questions are asked about disability at work for respondents aged 70+.
- IN: Income – This module asks for the amounts of income received from various sources. Everyone age 16 and over receive these questions unless they give Statistics Canada permission to access their Canada Revenue Agency tax records. Edits are programmed using the information collected in the labour portion of the survey to remind respondents that they had reported being employed or receiving employment insurance, social assistance or workers' compensation, to ensure that the amounts are entered. Flags are also set during the labour interview so that amounts are

collected where applicable for: employer pension plan contributions; professional membership dues or malpractice insurance premium payments; and union dues.

The major components of the preliminary, labour and income modules are listed below.

#### Preliminary modules

##### **EX**

- When started working full time
- Any years did not work
- Ever worked part time

##### **DE**

- Dates of marriage, divorce, separation, living common-law
- Number of children gave birth to or fathered and year first child born
- Adopted or raised any other children
- Mother tongue, country of birth, ethnic origin
- Immigrant status, Treaty or Registered Indian status

##### **EP**

- Years of elementary and high school completed
- Certificates and degrees received prior to the reference year
- Highest level of education of parents

#### Labour and income modules

##### **DA**

- Job tenure
- Reasons for leaving job

##### **CH**

- General job characteristics
- Supervisory/managerial responsibilities
- Work schedule
- Wages & fringe benefits
- Absences from work for one or more weeks

##### **SE**

- Jobless spells
- Job search activities

##### **CO**

- Receipt of employment insurance
- Receipt of Workers' Compensation
- Receipt of Social assistance or welfare

**SP**

- Receipt of support payments
- Payment of support
- Payments for child care
- Inter-household transfer payments

**ED**

- Type of educational establishment
- Months/hours attended school
- Information on any diplomas, certificates or degrees earned
- Student loans; amount borrowed and amount owed
- Information on the most important work-related course taken

**DI**

- Identifies disabilities/activity limitations
- Impact of condition on amount and/or the ability to work

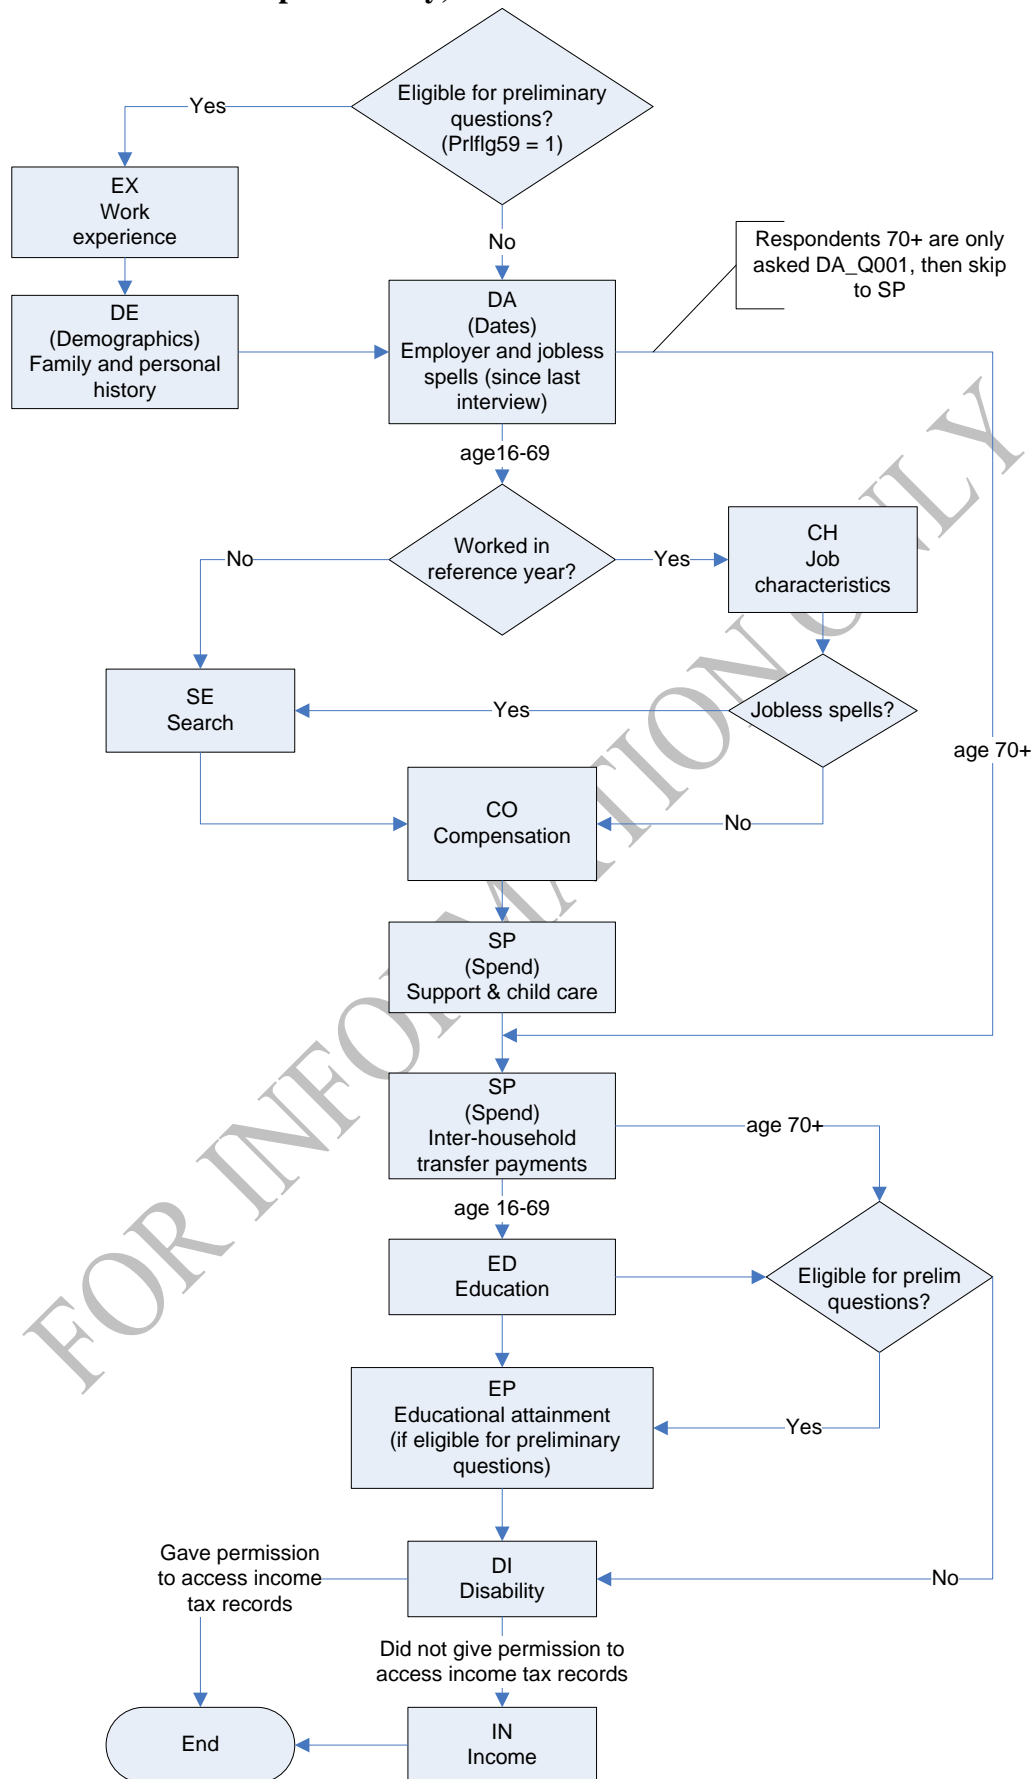

**IN**

- Request permission to access income tax records
- Amounts of income from various sources
- Amount of employer pension plan contributions
- Amount of income tax paid
- Amount paid for professional membership dues or malpractice premiums
- Amount paid in union dues

The general flow of the preliminary, labour and income interview is given in the flowchart on the next page.

An initial divergence based on age can be seen. Those aged 16-69 are asked the labour series of questions, while those 70 years and over flow to DA\_Q001 (main activity), to the SP series of questions on inter-household transfer payments and then to the Disability (DI) module. However, seniors who are eligible for the preliminary questions go to the EP questions before the DI questions. For those under age 70 who worked since the last interview, the characteristics of up to six jobs are asked and any jobless spells are identified. If a jobless spell occurred, the respondent is asked the Search (SE) series of questions. These are also asked for respondents who have not worked since the last labour interview. The Compensation (CO) questions are then asked of all respondents, as are subsequent modules on Spend (SP), Education (ED) and Disability (DI). Income (IN) questions are only asked if the respondent does not give Statistics Canada permission to access their Canada Revenue Agency tax files.

## General flow of the preliminary, labour and income interview

### 3. How to read this document

This document is a written approximation of the CAI interview, or the “questionnaire”. The CAI process is as follows:

- (a) A question appearing on the computer screen is read aloud to the respondent.
- (b) The respondent’s answer is directly entered into the computer by the interviewer.
- (c) Based on the answer given, and/or age or other flow criteria, the computer determines the next question to be asked and displays it on the screen.

#### Question numbers

For each section, the question numbers refer to the actual numbers used in the collection application which appear on an interviewer’s computer screen. Bold text is read, as worded, by the interviewer. Instructions for the interviewer are preceded by the word, “INTERVIEWER” and are not read out loud to the respondent.

#### Naming conventions

Naming conventions were changed to conform to the standards for Statistics Canada social surveys.

Questions with Q (e.g., EP\_Q001) = question text read to a respondent  
C (e.g., EP\_C001) = internal check  
N (e.g., EP\_N035) = interviewer instructions  
E (e.g., EP\_E001) = interviewer instruction edit  
? (e.g., ?DA\_Q001) = F1 help available

#### Pre-filled items

Shown in square brackets [ ], are items specific to each respondent’s interview. The application inserts the relevant information into the question, making it simply a matter of reading for the interviewer. Pre-filled items include:

[respondent] – This is the first and last name of the household member to whom the questions refer. This is not necessarily the person who is talking to the interviewer.

[fname] - This is the first name of the household member to whom the questions refer. This is not necessarily the person who is talking to the interviewer

[current year] – This is the year **during which** the information is collected (2009).

[reference year] – This is the year **for which** the information is collected (2008).

[previous reference year] – This is the year prior to the reference year (2007).

[age] – This is the respondent’s age in years, calculated as of January 1 of the current year.

[years ago] – This is the number of years ago the respondent first started working.

[employer] - This is the employer referred to in the question. Questions may be asked for a maximum of six employers. In each case, the specific employer's name is placed in the pre-filled item.

[class of worker] - Indicates whether the respondent is a paid worker, self-employed or working in a family business without pay.

[type of work] - This is a short description of the respondent's occupation or type of work performed, at last contact.

[industry] - This is a description of the industry of the employer as provided by the respondent.

[start date] and [end date] - Depending on the question, these refer to either the start and end dates of a specific job, of an unpaid absence, or a jobless spell.

[pre-filled from Empl.oldwage and Empl.oldwageu] - Wage reported previous year for respondent.

### **Headers**

For some questions, important information is noted at the top of the screen. In this document, this information is given at the beginning of each section description.

### **Ranges**

Hard ranges are specified for some of the questions. The hard range gives the highest and lowest acceptable response values. The system will not accept a number outside the range. For example, in CH\_Q110 (number of employees supervised directly) a hard range of 1 - 995 exists. If the interviewer tries to enter a number greater than 995, the system will not accept this.

The soft range specifies an upper limit which, if exceeded, will result in a probe to confirm that the amount entered is correct. If it is correct, the interviewer can enter it as long as it does not exceed the hard range. For example, if the respondent states that the number of people supervised was 65, this exceeds the soft range of > 60. If confirmed as correct, the interviewer can enter this amount as it does not exceed the 995 upper limit of the hard range.

### **Dates**

All dates are in DD/MM/YYYY format unless otherwise specified.

## **4. What's new**

### **New questions**

#### **IN\_Q130 & IN\_Q132**

Questions on pension splitting have been added for respondents who receive a pension. In some cases, persons with eligible pension income are now able to transfer a portion to their spouse on their income tax form. SLID is collecting this

information to be consistent with the tax data received from the Canada Revenue Agency for those persons who have agreed to allow us access to their tax file data.

### Modified questions

EX\_Q015

These questions have been reworded to make them less confusing for respondents.

## 5. Preliminary interview

PR\_N001: **INTERVIEWER:** Select the name of the person who is providing the information. If the person is not on the list select 'Non-Household member'.

If Hhinfo.prlflg = 1  
(member is a joiner or a new panel) go to EX\_Q001  
If Hhinfo.prlflg = 2  
(previously interviewed respondent) go to DA\_Q001

### 5.1 EX module

?EX\_Q001: **In [reference year], was [respondent] working at a job or business?**

**In [reference year], were you working at a job or business?**

1. Yes
2. No
8. Refuse
9. Don't know

If Yes go to EX\_Q015  
Otherwise go to EX\_Q005

EX\_Q005: **Has he ever worked at a job or business?**

**Has she ever worked at a job or business?**

**Have you ever worked at a job or business?**

1. Yes
2. No
8. Refuse
9. Don't know

If Yes and age <55 years old go to EX\_Q015

If Yes and age  $\geq$  55 years old      go to EX\_Q010  
Otherwise      go to DE\_R001

EX\_Q010:      **Approximately how many years did he work?**

**Approximately how many years did she work?**

**Approximately how many years did you work?**

INTERVIEWER:      Part-time work should be counted as half a year (e.g., a person working part time for 8 years would answer 4 years)

Hard range: minimum: 0  
   maximum: [age] - 10

Number of years/Refuse/Don't know      go to DE\_R001

?EX\_Q015:      **The next few questions are about his work history. Has he ever worked full time? By full time I mean 30 or more hours per week. Do not count summer jobs while in school.**

**The next few questions are about her work history. Has she ever worked full time? By full time I mean 30 or more hours per week. Do not count summer jobs while in school.**

**The next few questions are about your work history. Have you ever worked full time? By full time I mean 30 or more hours per week. Do not count summer jobs while in school.**

- 1. Yes      go to EX\_Q020
- 2. No      go to EX\_Q070
- 8. Refuse      go to DE\_R001
- 9. Don't know      go to DE\_R001

?EX\_Q020:      **When did he first start working full time?**

**When did she first start working full time?**

**When did you first start working full time?**

INTERVIEWER:      Answer given in:

- 1. Number of years ago      go to EX\_N025
- 2. Age started      go to EX\_N030
- 3. Year started      go to EX\_N035

8. Refuse go to DE\_R001  
9. Don't know go to DE\_R001

EX\_N025: INTERVIEWER: Enter years ago started working full time  
Enter 0 if less than one year

Hard range: minimum: 0  
maximum: [age]-10

Soft range: 60

If [years ago] < 2 or Refuse/Don't know go to EX\_Q070  
If [years ago] >= 2 and < 60 go to EX\_Q050  
If [years ago] > 59 go to EX\_E025

EX\_E025: **The number of years reported appears high. Is this correct?**

If correct go to EX\_Q050

EX\_N030: INTERVIEWER: Enter age started working full time

Hard range: minimum: 10  
maximum: [age]

Soft range: 60

Internal logic: [years ago] = (Info.Age - EX\_N030)

If [years ago] < 2 or Refuse/Don't know go to EX\_Q070  
If [years ago] >= 2 and < 60 go to EX\_Q040  
If [years ago] > 59 go to EX\_E030

EX\_E030: **The age reported appears high. Is this correct?**

If correct, go to EX\_Q040

EX\_N035: INTERVIEWER: Enter year started working full time

Hard range: minimum: [reference year] - ([age] - 10)  
(10 years old)  
maximum: [current year]

Internal logic: [years ago] = (current year - EX\_N035)

If [years ago] < 2 or Refuse/Don't know go to EX\_Q070  
If [years ago] >= 2 go to EX\_Q040

EX\_Q040: **That means he first started working full time about [years ago] years ago. Does this seem about right?**

**That means she first started working full time about [years ago] years ago. Does this seem about right?**

**That means you first started working full time about [years ago] years ago. Does this seem about right?**

## 6.6 ED module

The EDUC module basically covers two types of training activities. The first series of questions (ED\_Q021 to ED\_Q190) deals with "training programs". A program is a series of courses offered by, through or under the auspices of an educational institution (private or public) that are used as credits towards a degree, diploma or certificate.

The education module captures all institutions attended by the respondent during the reference year and all degrees, certificates or diplomas completed. This results in a series of flows for each type of institution attended (ED\_Q020). For example: if a respondent attended high school and university, we would ask ED\_Q021 to ED\_Q026 and ED\_Q130 to ED\_Q175. If another attended community college and then a business or commercial school we would ask ED\_Q030 to ED\_Q070.

If ED\_Q005 = “Yes” (attended an educational institution in the reference year), and flows for attending all institutions have been completed, ED\_Q150 asks about any other degrees, certificates or diplomas received during the reference year. This identifies situations where a respondent received a degree in the reference year although the program finished the previous year.

Without ED\_Q150, these "degrees" would not be recorded. Similarly, if ED\_Q005 = “No” then ED\_Q185 will also pick up these hidden "degrees", that is degrees or certificates awarded after the year that the respondent attended the institution.

The second series of questions (ED\_Q300 to ED\_Q350) deals with job-related “training courses”. For the purpose of the questionnaire, training activities such as courses, seminars, workshops, conferences and forums are covered by these questions.

ED\_R001: **The next series of questions will be about education.**

### **7.1 Income edits**

Soft edits (other than the edits appearing in the questions above) were used during data collection.

#### **Income amount check**

This edit was used during data collection to check the income source amounts entered by the interviewer.

When the amounts entered in the computer are outside the predetermined range, one of two error messages pop up: "**Amount seems too high**" or "**Amount seems too low**".

These messages appear when the amounts entered are outside the soft ranges shown in the questions above, which is determined using data collected in last year's SLID income interview. These ranges exclude approximately 5% of amounts below or above the selected limits.

The interviewer has the option to either 'Suppress' to confirm the value or 'Close' or 'Goto' to enter a new value.

### **7.2 On-line income help (F1)**
