Survey of Volunteering, Giving, and Participating

AI01A

Hello my name is ... and I am from Statistics Canada. You have been selected to participate in a survey dealing with unpaid volunteer activities, charitable giving and civic participation.

AI01B

This survey will be an important source of information on Canadians contributory behaviours because it has been 10 years since this information has been collected. The survey results will help build a better understanding of these activities which can in turn be used to develop programs and services to support them.

AI01C

We are conducting this survey for Human Resources Development Canada, the Canadian Centre for Philanthropy, Canadian Heritage, Health Canada and Volunteer Canada.

AI01D

Although this survey is voluntary, your participation is important if the survey results are to be accurate. Under the Statistics Act your answers are strictly confidential.
