## HHLDROST

The household roster will collect the name, age, sex, and marital status for each household member.

## SELECTP

One or two people will be selected from each household to complete the smoking questions. In some households, if the selected person is age $25+$, that person will not be retained; if no younger person was selected in the same household, the interview will end after asking a few questions of the current respondent.

## HHSIZE

Number of people age 15+ in household, calculated from household roster.
