National Graduates Survey - Class of 2000 - Questionnaire

Section: Introduction of the survey (INT)

INT_R01 This survey will collect information on the educational and work experiences of 2000 graduates. The data will be used to study the relationship between education and labour market experiences and the exposure of graduates to additional learning opportunities. Your answers will be kept strictly confidential and used only for statistical purposes. While participation in the survey is voluntary, your answers are important and will be kept confidential under the Statistics Act.

Note: Throughout the questionnaire, we will be using the abbreviation DK for "Don't know" and RF for "Refused". In this text, the use of the masculine is generic and applies to both men and women. Please note that during the actual interview, the questions were personalized to be appropriate to the gender of the respondent.

Coverage: All respondents.
