

CENSUS COLLECTION IN SELECT NORTHERN AND REMOTE COMMUNITIES

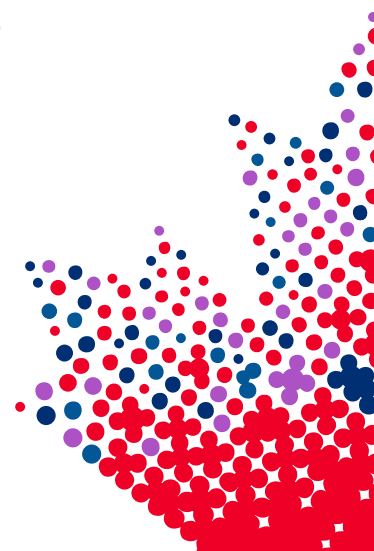

The 2026 Census has begun in select northern and remote communities!

- Collection begins in **February 2026** in select northern and remote communities to:
 - ensure access to areas that are easier to reach in winter
 - count populations that typically migrate out of their communities in the spring.
- For information on **which communities are part of early collection**, visit **census.gc.ca/north**.
- The census questions are available in **15 Indigenous languages** for reference purposes.
- Census information is important and can help communities plan services such as child care, schools, and health care.

Need assistance?

Enumerators will be in your community and can help you complete the census questionnaire.

Complete the census questionnaire online today!
